

THREE-YEAR-OLD Joseph Bealich, Jr., of Chicago smiles despite his hurt as he holds up his bandaged right hand which suffered second and third degree burns Sunday. According to Police Sgt. James Patton, the parents said they held the child's hand over a gas flame to teach him not to turn on the burners. The parents are charged with cruelty to a child. (AP Wirephoto)

Solons Eager For Medicare Sign Extender

WASHINGTON (AP) — Congress is ready, willing and apparently eager to grant President Johnson's request for an extension of the deadline for older citizens to sign up for \$3-a-month doctors' bills insurance under the new medical care program.

The only question was whether it would act before the Easter recess starts next Thursday or wait until legislative business is resumed on April 18.

The original deadline expired at midnight Thursday night with the number signing up estimated at near 90 per cent — some 17 million of the 19.1 million Americans over 65. The President requested a two-month extension.

The insurance covers 80 per cent of doctors' bills, after a \$50 deductible. It is separate from the hospitalization coverage which is available to all persons over 65 as a matter of right and is financed by payroll levies under the Social Security system.

Even before the President made his formal request in letters to the Senate and the House, the House Ways and Means Committee started the machinery to protect an estimated million persons who missed the deadline.

Chairman Wilbur D. Mills, D-Ark., introduced a bill to postpone the cut-off date until May 31 and said the committee would give it prompt consideration. He predicted overwhelming, if not unanimous, approval.

Weather

By The Associated Press

ESCANABA AND VICINITY—Cloudy and a little colder today with snow or snow flurries possibly mixed with rain. High 38. Considerable cloudiness and colder tonight with snow flurries. Low 22. Saturday, variable cloudiness, little temperature change, possible snow flurries. High 34. East to north to northwesterly winds increasing to 15 to 25 mph this afternoon and to night. Outlook for Sunday, fair and a little warmer. High yesterday, 37 and low overnight, 31.

Upper Peninsula — Cloudy and colder with snow flurries probable near Lake Superior to night. Saturday partly cloudy and a little warmer in the west. Lows tonight in the 20s. Highs Saturday 34 to 40.

The sun sets today at 6:48 p. m., and rises Saturday at 6:14 a. m.

Red Chinese Are Real Enemies In Viet Nam, Chiang

TAIPEI, Formosa (AP) — Chiang Kai-shek sees the Chinese Communists as the United States' real enemy in Viet Nam, and says: "Only by our return to the mainland can an ultimate clash between the United States and the Chinese Communists be avoided."

In a 45-minute interview with The Associated Press this week, the president of Nationalist China said that Peking already has rejected any practical possibility of an improvement of relations with the United States, recommended by some American experts on China.

"The official People's Daily in Peking, in a recent article signed by 'Observer,' provided an answer to that kind of thinking," he said. "It said that unless and until the United States withdraws from the Taiwan (Formosa) Strait and from Southeast Asia, there can be no

Kick The Can Earns Reward

FREMONT (AP)—Two small boys who found "a zillion dollars" playing kick the can learned today they will get rewards big enough to start them off in college.

Greg Hager, 7, and Gordon Vredevel, 6, were promised half the estimated \$3,000 to \$4,000 they found more than a year ago while kicking a large tin can about in a city land dumping area.

Police said they didn't reveal the find earlier because they wanted to determine the rightful owners of the money. They said a lengthy investigation established the owners as Mrs. Linda Evans and her sister, Miss Freda Miller, both of Fremont, and their sister, Mrs. Stanley Charles of Lansing, Mich.

Mrs. Evans promised the boys half the money because "if it hadn't been for them, we wouldn't have it at all." She said she and her sisters would share the other half.

The value of the find has not been determined yet, but estimates place it between \$3,000 and \$4,000. Many of the bills are deteriorated.

Some are the old large size which have premium value for currency collectors.

Mrs. Evans said the money apparently was buried for an unknown reason in the basement of the family home by her father. He died in 1933.

Greg and Gordon came across the can in February, 1965, in a landfill area after the Miller home was torn down. As they kicked the can about a jar fell out of it. The money was in the Chicago 46 Omaha 43 jar.

The boys took the money to a bank teller who called their parents and the police. The boys went home and told their parents they had found "a zillion dollars."

"It's not exactly a zillion," Mrs. Hager said, "but there is enough to put in trust and let grow for the boy's college education."

Mrs. Vredevel said she had told her son that when he did get the money "it will go for your college."

Parents Without Word From Son Kidnaped Monday

MIAMI BEACH, Fla. (AP) — There still apparently is no word from the husky kidnaper of 18-year-old Daniel Goldman.

The youth was taken from his plush seaside home early Monday by a middle-aged gunman who demanded \$20,000 from the Goldmans.

After learning the family had no money in the home, the gunman awoke Daniel, forced him to dress at gunpoint and left in one of the family automobiles. He told the Goldmans he wanted \$25,000 in ransom and the amount would be doubled the next night.

The car was found later that morning. There was no sign of the kidnaper or his victim.

Police, including FBI agents, had no comment on the case.

Events Retold

George W. Cornell, religious writer for the Associated Press, has written a series of articles about the men and women who defended Jesus at his crucifixion two millennia ago.

The Escanaba Daily Press will publish this series daily starting Monday under the title "Defenders of the Condemned." It is recommended to everyone as a scholarly explanation of how the Founder of Christianity was treated in the last days of his life on earth when the teachings which have so influenced the world were under the test of contemporary judgment.

Auto And Food Industries Are Already Hurt

DETROIT (AP) — An estimated 65,000 auto workers were idled or working short time today as effects of the strike of eight railroads spread throughout the auto industry.

Indications were that the railroad walkouts, which began Thursday, would cut at least 10,000 to 15,000 cars from the week's planned auto production schedules.

General Motors was hardest hit as of today, reporting it had seven plants closed, 10 on partial operation and 60,300 workers off the job.

Ford Motor Co. said it had only enough materials to get through today and that it faced a general shutdown of its 17 assembly plants and 38 manufacturing plants in the United States if the strike continues until Monday.

Chrysler and American Motors, whose operations are more centralized than those of the industry's two largest companies, were in near normal operations but there was some question how long it would continue.

AMC's car manufacturing operations are concentrated in the Milwaukee-Kenosha, Wis., area, while much of Chrysler's plant system is in the metropolitan Detroit area, thus cutting down on the need or use of railroad facilities.

Managers of the various car and truck divisions in the industry held urgent meetings today to adjust their production schedules in light of availability of materials in the various plants.

GM's Fisher Body division was hit hard by shutdowns, while some Pontiac and Chevrolet division auto assembly lines were affected.

A GM report at midmorning showed plants in four states, Michigan, Ohio, Kansas and Missouri, affected thusly:

Down (7)—Fisher Flint No. 2; Fisher Grand Rapids No. 2; Fisher Livonia, Mich.; Fisher Pontiac, Mich.; Fisher Willow Run; Chevrolet Willow Run Assembly; Chevrolet Flint Assembly.

Partial Operation (10)—Fisher Norwood, Ohio; General Motors Assembly Division, Kansas City; Chevrolet St. Louis, trucks; Chevrolet Norwood, Ohio, assembly; Chevrolet Flint V-8 engine plant; Chevrolet Flint metal fabricating plant; Chevrolet Flint 6-cylinder engine plant; Chevrolet pressed metals plant; Chevrolet Detroit Gear and Axle plant; Pontiac Division, Pontiac, car assembly lines.

An American Motors spokesman reflected much of the industry feeling when he said, "We are operating fine right now but we don't know at what hour we might run out of some key supply which would affect our operations."

In Battle Creek, Kellogg Co. cutback on production of cereal products because of a shortage of boxcars. The Post Division of General Foods said it continued production at an almost normal rate.

First Carrier Makes Soo Locks Passage

SAULT STE. MARIE (AP) — As master of the first ship through the locks, Capt. J. N. Rolfsen of the Fraser received a barometer and other traditional gifts from the Sault Ste. Marie Chamber of Commerce during a 25-minute ceremony at the Davis Lock.

The Fraser, empty except for ballast, was bound for Duluth, Minn., at the western end of Lake Superior to take on a cargo of iron ore. The vessel had spent the winter at Conneaut, Ohio.

Two other ships, the Arthur M. Anderson and the George A. Sloan, were waiting to pass through the locks on a southbound trip from their winter port at Duluth.

The Sloan was the first ship through the locks last year, on April 14. The Anderson was first in 1967.

THE CHICAGO Illinois Central Railroad yards, normally a bustling place shuttling commuters and inter-state passengers from Chicago, sits idle as a result of a strike by 8,000 firemen against eight major railroads serving 38 states. The Illinois Central terminal is the white building in the right background. (AP Wirephoto)

Yank Officer Billet Bombed; 6 Die And 143 More Wounded

SAIGON, South Viet Nam (AP) — Viet Cong terrorists shattered a U.S. officers' billet today in a pre-dawn attack with machine guns, grenades and a truckload of explosives, killing three Americans and at least 143.

The Americans died in gun battles with the small band of raiders during and after the attack on the 10-story Victoria Hotel. The injured included 113 Americans, at least 18 hurt seriously.

The powerful blast also wounded a number of Vietnamese women and children in nearby homes. It was one of the most devastating terrorist attacks of the war.

Vietnamese police said two men speeding from the scene on a motorcycle were arrested after their vehicle overturned. Police sources said one admitted taking part in the attack.

Water Doused Fire

The explosion ripped the hotel's three lower floors apart, smashed windows throughout the building, shattered outside walls as high as the fifth floor, unloosed a torrent of water from a 12,000-gallon rooftop tank and left a huge crater in front. The water probably prevented a brief electrical fire from turning the building into an inferno.

Many of the Americans escaped injury by ducking into bathrooms or under their bunks when they heard the first firing outside the building shortly after 5 a.m.

One officer said there had been reports the Viet Cong had slipped 250 pounds of explosive into the city and intelligence units had been looking for it.

U.S. Ambassador Henry Cabot Lodge denounced the attack as "typical Communist violence of the criminal kind" as he inspected the wreckage and conferred with officials at the scene.

Guards Killed

So were the American and Vietnamese guards at the hotel. They were found, lying side by side, at the entrance with their weapons emptied.

U.S. officials said one of the terrorists may have been killed in the truck when it exploded. A Soviet-made automatic rifle and two Soviet-made grenades were found near the scene.

The panel truck was blasted to pieces by its deadly cargo, an estimated 400-500 pounds of explosives.

The Vietnamese killed apparently included a girl at a cash register on the ground floor of the hotel. Several of the injured were Vietnamese kitchen workers preparing breakfast for the officers.

The impact crumpled walls and disintegrated furniture in the tall, narrow building.

Argentine Trains Halted By Strike

BUENOS AIRES, Argentina (AP)—A 24-hour strike by employees of state-owned railroads brought all trains in Argentina to a halt today.

Workers demand a 32 per cent pay increase. The railroads offered a 15 per cent hike plus fringe benefits.

Long lines of workers waited for buses. Private automobiles jammed downtown streets. Thousands of suburban dwellers were late to work.

British Voters Give Wilson A Smashing Win

LONDON (AP) — Prime Minister Harold Wilson returned triumphantly to No. 10 Downing Street today, sweeping back into office by a smashing election victory over Edward Heath and the Conservatives.

Computer analyses of returns from the general election Thursday predicted Wilson's Laborites would have a majority of at least 95 seats in the new House of Commons. Labor's majority in the last House was only three.

Looking fresh and vigorous despite less than four hours sleep, Wilson, 50, said he would give priority to measures to maintain the strength of the pound sterling as an international currency.

Keep Sterling Strong

He indicated action to stabilize wages and prices and said, "We really mean business in keeping sterling strong."

The first reaction on the international exchanges to Labor's victory was a sharp improvement in the pound. The London stock market opened quietly, indicating that the result had been expected and caused little concern.

Wilson discounted suggestions from newsmen that his promise to nationalize the steel industry might frighten foreign holders of sterling.

Wilson also hinted at tougher action against the rebel regime of Rhodesia Prime Minister Ian Smith.

"One of the big uncertainties in his (Smith's) mind is now out of the way," said Wilson. "He now knows the government he has to deal with for the next five years."

From Foreign Secretary Michael Stewart came assurance that Wilson's government will continue supporting American action in Viet Nam.

Wilson has been under pressure from his party's left wing to withdraw the support. Some commentators speculated that the left wing may press him harder now that the government is no longer in danger of defeat in Parliament.

But Stewart told a newsmen: "We see no reason for change on this policy. The reasons for it have been set out. It has not been decisively challenged in the Commons and it has been approved by our party conference."

Big Majority

With 464 of the 630 Commons seats decided, Labor had won 303, a gain of 41; the Conservatives 133, down 43; Liberals 5, up 1; Irish Republican Labor, 1, up 1, and the nonparty, nonvoting speaker had been re-elected.

Heath, after keeping silent all night though the outcome had long been clear, at last issued a formal statement conceding his party had lost.

"The British people have given their verdict," he said. "It is now clear the Labor party will form the next government."

Today's Chuckle

Some of us don't know what we want, but we feel sure we don't have it.

Lawyers Fight Court's Back To Work Order

WASHINGTON (AP) — The railroad firemen's union headed for a higher court today to fight an injunction against their strike on eight major lines as rolling effects of the walkout showed up in auto plant shutdowns, highway commuter jams and mail movement trouble.

Service on the lines was crippled in 38 states from coast to coast and Secretary of Labor W. Willard Wirtz said he saw no immediate end to the stoppage. The secretary had just made a direct appeal to the unions chief on the basis of "a very great national interest."

The biggest immediate effects appeared in operations of the giant General Motors Corp., which shut down six plants in Michigan, idling 13,000 workers, for lack of incoming parts and shipping for finished cars.

About 46,000 more of the industry's workers, including 33,500 in GM plants in Detroit, Flint and Pontiac, Mich., were sent home early.

In Ohio and Texas, Ford and Chrysler workers went on short shifts.

And at Kansas City a GM official said another 8,200 in plants in that area would be affected if the strike continued.

Commuters were in trouble in various areas, and emergency measures were adopted for movement of mail at some points.

The strike appeared to be a showdown in the seven-year battle between the railroad industry and the AFL-CIO Brotherhood of Locomotive Firemen and Enginemen over the elimination of some 18,000 firemen's jobs.

"I have not given an affirmative answer," said H.E. Gilbert, union president after a three-hour meeting in which Wirtz asked him to order 8,000 strikers back to work.

Both Wirtz and Gilbert said the prospect was for the strike to continue.

Wirtz declined to speculate on whether President Johnson might step into the dispute.

Gilbert said union attorneys will go to the U.S. Court of Appeals today to fight the temporary restraining order issued Thursday by U.S. Dist. Court Judge Alexander Holtzoff to end all strike and picketing activity.

Entire Public Affected

"We have a war, and also the entire public is affected entirely aside from the war," Holtzoff said of the strike that stranded passengers and stalled freight from Boston to Savannah, Ga., to San Francisco.

It is the biggest rail strike in recent years, and Wirtz said it involves "very great national interest."

Members of most other unions reportedly were respecting the firemen's picket lines, halting most trains on the Union Pacific, the Missouri Pacific, Illinois Central, Seaboard Air Line, Central of Georgia, Grand Trunk Western, Boston & Maine and the Pennsylvania Railroad West of Harrisburg, Pa.

"I have made a request of Mr. Gilbert in the public interest that operations of these eight railroads be restored immediately or as quickly as possible," Wirtz said shortly before the strike passed the 24-hour mark at 12:01 a.m. EST today.

"I have not had an affirmative answer from Mr. Gilbert," Wirtz said.

Gilbert In Command

Gilbert is the only official of the union with authority to call off the strike.

No time for new meetings was set, but Wirtz said "I'm sure we'll be in touch" this morning. The firemen began the strike at 12:01 a.m. Thursday the moment a two-year federal arbitration award under which thousands of jobs were eliminated, expired.

The firemen contended they were not striking over their demand that most of the jobs be restored but rather over the railroads' refusal to set up a program to train firemen for engineers' and other railroad jobs.

The two unions have been feuding and accusing each other of raiding each other's membership.

School Remap Vote Scheduled July 25

Voters in Delta and Schoolcraft counties will decide Monday, July 25, whether or not to adopt school district reorganization plans proposed by the Delta-Intermediate School Reorganization Committee.

Date and method of voting was set at a meeting of the Delta-Schoolcraft Intermediate Board of Education this week.

Voting will be done by proposed districts.

"This means," said Hagle Quarnstrom, intermediate school district superintendent, "that one part of the plan can be approved without another."

Voters could adopt all of it or none of it.

A simple majority of electors in each proposed new district is required for passage.

Under the reorganization proposal, which was approved earlier this year by the State Dept. of Public Instruction, Lansing, four districts would be formed out of the existing 19 in the two county area. All would offer a kindergarten through high school program.

The recommended four districts are:

1. Bark River-Harris and Escanaba Area Public Schools;

2. Gladstone, Flat Rock, Brampton, Baldwin, Rock and Rapid River;

3. Nahma, Garden, Fairbanks and Cooks;

4. Manistique and all Schoolcraft County districts except Seney.

In voting procedure, Bark River-Harris and Escanaba Area districts would be considered as "one precinct." Quarnstrom said. If the majority of people in that area favored consolidation it would be approved, even though it might be approved in Escanaba Area and fail in Bark River, or vice versa.

The same holds true in each of the other three districts. Formerly, in consolidation votes, school districts involved had to vote approval individually.

The recommended reorganization was made by an 18-member committee of Delta and Schoolcraft County residents. Under direction of new school district reorganization laws, the committee was instructed to design new school districts in the area to provide a minimum of 2,000 students per district.

Object of a larger district is to allow a complete K-12 program to be carried out.

The committee recognized that the Nahma (133), Garden (215), Fairbanks (62) and Cooks (200) combination does not have the required 2,000 population standard, but it was proposed and accepted by the state because of travel distances involved to consolidate to other districts.

Calendar Of Events

Prepared by Escanaba Chamber of Commerce

Today and Saturday—Escanaba Coaches Clinic, The Terrace.

Saturday—Presbyterian Church Women, Spring Tea, 2 p. m.

Saturday—Escanaba Area Public High School All Sports Banquet, 6:30 p. m., commons area, sponsored by Eskymo Fan Club.

Sunday—"The Messiah," 3 p. m., Escanaba Area High School gymnasium.

Tuesday, April 5—League of Women Voters annual dinner, 6 p. m., The Stonehouse.

Tuesday, April 12—St. Joseph's Parish Card Party, 8 p. m.

Wednesday, April 13—St. Francis Hospital Auxiliary Card Party, 1 p. m. House of Lardington.

Thursday, April 14—Spring Festival, Central Methodist Church, 7:30 p. m.

Friday, April 15—Loggers Work Shop, Teamsters Hall.

Saturday, April 16—Miss Delta County Queen Pageant, 8 p. m., Wm. Bonifas Auditorium.

Sunday, April 17—Business & Professional Women's Clubs, District Meeting, Sherman Hotel.

Saturday, April 23—U. P. Band Festival.

Saturday, April 23—Delta Shrine Club Charity Ball, The Terrace.

Thursday, April 28—Knit Fashion Show, St. Stephen's Episcopal Church, 8 p. m.

Saturday, April 23—U. P. Band Festival.

Diane Ragains

Harold Robinson

Chicago Soloists Join 'Messiah'

Two outstanding Chicago area musicians will join the combined Escanaba Area High School Community chorus Sunday for "The Messiah" at the area high school gymnasium, it was announced today by Conrad Beck, director.

They are Diane Ragains, soprano, and Harold Robinson, bass-baritone.

Miss Ragains, a graduate of Indiana University where she majored in violin, has performed with the Chicago Symphony Orchestra Chorus under the direction of Margaret Hillis and with the Grant Park Symphony Chorus under Thomas Peck.

She has also done solo work with the North Side Symphony in Chicago and with the Kenosha, Wis., Symphony. Last summer she made her debut as soloist with the Chicago Symphony in a performance of Carl

Orff's Carmina Burana and received good reviews.

Miss Ragains is a student of Madame Sharnova of the Chicago Conservatory.

Robinson, also a graduate of Indiana University's School of Music, performed in four operas—Die Fledermaus, Ruggiere, The Merry Widow and the Old Maid and the Thief—while at school. He also played leading roles in four musicals.

His wide experience includes solo roles in opera at Kenosha, Wis., Columbia University and the Salvation Army Temple in New York and the Front Street Theater, Memphis, Tenn. He also has played in the Music Theatre, Chicago, the Knox Theatre, Dallas, Tex., and four seasons and 23 plays with the Louisville, Ky., Summer Opera Company.

Miss Ragains and Robinson will join Escanaba's Robert Schroeder, Tom Anderson, Sheila Piche and Susan Gardner in solo roles for the performance.

Starting time is 3 p. m. Beck said an admission will be charged at the door to cover expenses.

Awards Presented At Wells 4-H Club Achievement Show

Over 150 parents and friends attended the Wells Willing Workers annual 4-H Achievement program held March 30 at the VFW Hall.

King and queen of the club are Cheri Zavada and George Wise, they will compete for honors at the county achievement program, April 2 at the Escanaba Junior High School. Certificates and pins were presented to members who had successfully completed their project.

George Wise was presented a special award plaque for his achievement and the following girls were honored: Regina Piron, Christine Larson, Mary Beth Tanguay and Rose Otradonec.

Frank Opolka of the Conservation Dept. presented the following boys with gun safety certificates and badges: George Wise, Jerry Otradonec, David Gilbert, Robert Lange, Paul McKoskey, Tom and Gary Royer, Pat Pearson and John Wise.

Talent acts selected to represent the club on April 2 are, soft shoe pantomime, Cheri Larson and Pam Willius; a skit "The Boxer," Regina Piron and Cheri Zavada.

Miss Ingrid Tervonen, home extension agent, Larry Bradford, 4-H extension agent and the Wells club leaders were also introduced.

Enstrom Will Tell Investors Of Its Progress

MEMENINEE—R. J. Enstrom Corp. shareholders will have their annual meeting to be held on Saturday, April 16 at 1:30 p. m. at Hotel Memeninee. The corporation's 7,000 shareholders have received proxy material along with the annual report.

Enstrom is producing its three place helicopter in its new plant at the Memeninee County Airport. The corporation began making deliveries of its helicopter in January and according to its annual report expects to have between 50 and 55 employees by the end of summer. Deliveries are expected to reach the rate of one helicopter a week later this year.

The corporation reports orders for its helicopter from customers in the United States and in eight foreign countries.

MILITARY MISSION

NEW YORK (AP)—The Rev. Dr. Franklin Clark Fry, president of the Lutheran Church in America and head of the Central Committee of the World Council of Churches, will visit U.S. military personnel in the Far East. The two-week pastoral tour of military installations begins Nov. 7 in Tokyo.

Undiluted Malathion will be applied at a rate of four ounces an acre. Most areas will receive a single spraying. Department officials estimate a second application may be required on up to 20 per cent of the acreage.

The department said the northern third of Indiana, northwestern Ohio, a few locations in Illinois and southern Michigan now are quarantined to prevent artificial spread of the beetle—that is movement of materials often infested with the beetle.

Cereal Beetle Program Starts Next Tuesday

WASHINGTON (AP)—The Agriculture Department announced Thursday that a federal-state control program against the destructive cereal beetle will begin April 5 in Michigan, Indiana and Illinois.

Aerial spraying will be used. The beetles, if unchecked, could destroy 10 to 30 per cent of the wheat, barley and oats in infested states, it was said.

The department said approximately 720,000 acres in Michigan, 570,000 in Indiana and 50,000 in Illinois will be treated.

Undiluted Malathion will be applied at a rate of four ounces an acre. Most areas will receive a single spraying. Department officials estimate a second application may be required on up to 20 per cent of the acreage.

The department said the northern third of Indiana, northwestern Ohio, a few locations in Illinois and southern Michigan now are quarantined to prevent artificial spread of the beetle—that is movement of materials often infested with the beetle.

Rainbow Opener Needs Warm-up

When the season on rainbow and brown trout opens Saturday, April 2—that's tomorrow—fish and fishermen are likely to be discouraged by the cold weather.

The Saturday outlook is for more snow. The water temperature of the streams and rivers is likewise anything but encouraging to fish that are waiting to start their spring run.

"The water is very cold and we can't expect much of a run in the rivers until there's a warm-up," said Cliff Long, Conservation Department district fish biologist.

Long suggested that fishermen would do best to try their luck in the open water of the bays that spread out from the mouths of the rivers. Here the fish may be lurking, just waiting for the river water to warm up before they enter the channels on their runs upstream.

"None of the rivers are as high as usual at this time of year, because of the snow and the cold weather that is holding back the thaw," Long pointed out.

Fishermen must have an angler's license plus trout stamp.

The Department also suggests that fishermen ask for the special booklet that describes the waters open for browns and rainbows beginning Saturday. In general these open waters are:

All of Lake Michigan and Lake Superior. This means in Delta County all of the waters of Bays de Noc and Green Bay.

The Alger County waters are: Rock River down from the DSS&A Railroad bridge; Sand River, the lower part in Alger County; Laughing Whitefish River down from M-28.

Marquette County—Carp River, the lower 1,000 feet; Choccolay, down from M-28; Harlow Creek, down from the railroad bridge; and the Big Huron and Iron Rivers.

Jordan Trains Guides

NEW YORK (UPI)—About 170 of Jordan's licensed guides and 30 or more prospective guides are attending Jordan's Tourist Guide Institute, according to the Jordan Tourist Information Center.

Purpose of the recently established Institute is to update guides on recent archeological findings and to train new guides to escort the increasing number of tourists coming to Jordan.

Fire Destroys Nahma Home

NAHMA—Fire which started in the attic about 2 p. m. destroyed the two-story frame home of Mr. and Mrs. Robert Ritter Thursday.

Firemen from the Nahma Township Volunteer Dept. were called but were unable to control the blaze because of high winds.

All contents of the home, except for some first floor furnishings, were burned. The loss was reported partially covered by insurance.

Mrs. Ritter, who was home with the youngest of the family's six children when the fire broke out, said she heard cracking in the attic. The other children, ranging up to 16 years old, were in school and her husband was at work with American Playground Device Co.

The family spent the night with friends and neighbors.

Recreation Also?

New Exhibition Building Sought

Escanaba's exploration of programs to develop improved recreation facilities for the area includes cooperation with the State of Michigan in plans for a new exhibition building at the U. P. State Fairgrounds.

The present exhibition building at the Fairgrounds is old and inadequate and all but the ground floor section has been condemned for use, creating a space problem for Fair displays.

City Manager George Harvey in a report to the Escanaba City Council today said that he had met with Norman Arntzen, architect; Cliff Perras, State Fair manager; and Paul Vardigan, acting director of recreation in Escanaba, in a discussion of proposals to use the exhibition building for recreational purposes.

Perhaps A Risk

"The architect has designed a building primarily for exhibition use, but it has been done in such a way that there is a possibility of utilizing this building throughout the year for recreational purposes," Harvey said.

"We are hopeful of incorporating in the new building piping in the floor, as well as a refrigeration system that could be used eventually as an indoor ice rink facility."

"There is also the possibility of utilizing this for large gatherings, such as banquets, and so forth. It is proposed that the building have folding partitions so that meetings can be held therein as well as used for recreational purposes," Harvey explained.

Within another week the basic design for the building will be taken to Lansing by

WHY...

ED COX? FOR CITY COUNCIL

Experience:

1. Mayor and Councilman for 10 Years.
2. City Arbitrator in Power Co. Coal Clause Dispute. In 1961 city was awarded \$78,000.00 and this has resulted in a minimum of \$25,000.00 a year since.
3. While Councilman and Mayor, City Built the Generating Plant and rebuilt the power distribution system into one of the best systems in the midwest.

Reasons Why We Need Ed Cox:

1. An addition to the electric plant.
2. A new contract with the U.P. Power Co.
3. Settlement of

Spring Slaps U.P. With 'Beauty' Pack

Departing Winter threw five inches of slushy snow in the face of arriving Spring, creating some pretty roadside scenes and miserably poor traffic conditions across the Upper Peninsula Thursday night.

The wet snow continued into early hours today and there is the threat of more snow flurries to come, the Weather Bureau reported.

Despite hazardous highway conditions, no serious accidents causing injury were reported in the immediate area. Most motorists took the warning and holed up for the night when the storm struck.

Some Schools Close

Schools were closed in several outlying areas, but classes were held on schedule in schools of Escanaba and Gladstone and many other communities. Side roads were slippery and dangerous and school buses did not venture far off the improved highways.

North Central Airlines in Escanaba reported no interruptions of service and the flights are expected to be on schedule as the weather clears.

The ore carrier Charles C. West, first of the ore fleet to arrive at the Chicago & North Western dock at Escanaba, cleared at 6:30 p. m. Thursday in the teeth of the storm. She carried 9,500 tons of ore to Detroit.

The ore carriers Sykes and L. E. Block of the Inland Steel Co. arrived today to take on cargoes of ore for Indiana Harbor.

Warmer, Maybe

While loading of ore was not delayed, the overnight storm created "poor" working conditions for men on North Western's big dock. Ore is coming in from the north by train and is dumped into the dock pockets in preparation for loading the Sykes and the Block.

At 10 a. m. today in downtown Escanaba the temperature was 32 degrees with winds from the north at 15 miles per hour. The high Thursday was 37 and the low last night 31.

The snow flurries today were accompanied by a high of only 38 degrees, and the low tonight is expected to drop to 22, with cloudy skies.

Variable cloudiness with a possibility of more snow flurries is on tap for Saturday, and the outlook for Sunday is — and let's hope this one happens — fair and a little warmer.

Survey Delayed

In Escanaba there were several minor traffic mishaps during the period of the storm, but only one person was injured. Mary Alice Newton, 62, of 1002 Stephenson Ave., com-

THE ESCANABA AREA was covered with a five inch blanket of wet snow this morning after an all-night fall and schools in several suburban areas were closed because of the difficulty of highway travel. This scene of the late Winter

Wonderland created by the storm is on 5th Ave. S. in the 900 Block, with all the trees and shrubs bearing a heavy snow mantle. (Daily Press Photo)

Teen Girl Worst Fed In Family

CHICAGO (AP) —The worst-fed member of the family is the teen-age girl, says the president of the American Farm Bureau federation, Charles B. Shuman. He told a meeting of the National Youthpower congress that teen-agers tend to "skip or skimp in breakfast," and that girls were worse than boys.

plained of pain, a bruised right arm and head after an accident at 11th Ave. N. and 18th St. The other car was driven by James F. Abramson, 828 N. 20th St., police reported.

The parking survey that was scheduled to continue through today in the downtown business district has been postponed because of the storm, said Milton Embs, administrative assistant.

Snow conditions in parking lots and curbs would disturb the usual parking pattern, Embs explained. The survey will be run on a later Thursday and Friday, perhaps next week.

Delta 4-Her's Big Weekend

Achievement Time's Here!

Delta County 4-H members will bring their winter projects to a dramatic conclusion in Achievement Day contests this evening and Saturday at Escanaba Area Junior High School.

The events marking the conclusion will be a style review tonight featuring 4-H girls 14 years old and older who have completed a clothing or knitting project in the Senior Miss Division. To supplement the Senior Miss Style Show entertainment the Gladstone 4-H Chorus under the direction of Mrs. Donald Hirm will sing four selections.

Other entertainment will include four talent acts selected from the many that have been presented throughout Delta County at Local Achievement programs. Mistress of ceremonies for the evening event will be Mrs. Thomas Safford, 4-H Club leader from Ensign.

On Saturday the countywide Achievement Day program,

will offer a wide variety of activities. Beginning at 8:45 a. m. the 4-H king and queen candidates will be interviewed in the county 4-H king and queen contest.

Following opening ceremonies presented by the junior leaders, the Young and Junior Miss style review will be held. While the 4-H girls are modeling, the boys in the 4-H program will tour the American Timber Homes, Inc. plant in Bay View.

Following lunch the crowning of the Delta County 4-H king and queen will take place. The king and queen will then preside at the talent program which features some 24 acts from throughout the county.

Announcement of awards, style review and talent winners will conclude the program. Mistress of ceremonies for the morning program will be Mrs. John Gucky, 4-H leader from Pine Ridge.

"The programs will offer much in the line of the latest styles and in the area of talent," said Larry Bradford, county 4-H Club agent. "There is no admission charge and the public is invited to attend."

Nevada was the first state to permit its voters to elect members to the U.S. Senate.

Gary Heitz was born May 22, 1961, in Escanaba.

He is survived by his parents; two brothers, Wayne and Robert at home, his paternal grandfather, Paul Heitz of McLeese Park, Ill., and his maternal grandparents, Mr. and Mrs. Stanley Novak of Perronville.

Cause of the fire is still undetermined, according to State Police, but it is believed to have started near an oil space heater on the second floor of the Novak residence, Rte. 2, Bark River.

State Police said Gary apparently was overcome by smoke attempting to get out of the house. His body was found by firemen in a room other than the bedroom where he had been sleeping.

Church Events

First Methodist
Saturday, April 2, 10 a. m.—Confirmation Class will meet at the church.

Funeral services will be held Saturday in Detroit and burial will also take place in Detroit.

Visitors to Berlin stay an average of 5.9 days, according to a survey.

Former Resident, Donald Savageau Dies In Detroit

Donald C. Savageau, 52, of Detroit, a former resident of Escanaba, died suddenly of a heart attack at 5 a. m. Thursday in Detroit.

He was born June 20, 1914 in Escanaba and spent his childhood here. He attended St. Ann and St. Joseph schools here and also St. Norbert College in Green Bay.

He was employed at the Delta Hardware Store and Gambles before moving to Detroit. He had been a resident of Detroit for about 20 years.

Surviving are, his widow, Margaret; two sons, James and Dennis of Detroit; one daughter, Diana, at home; one sister, Mrs. John (Edith) Wroblewski of Warren; two brothers, the Rev. Paul Savageau of Hancock, William, Escanaba, three grandchildren and 7 great grandchildren.

Funeral services will be held Saturday in Detroit and burial will also take place in Detroit.

Visitors to Berlin stay an average of 5.9 days, according to a survey.

Johnson Seeks Money Saving In Government

WASHINGTON (AP) — Administration sources predicted today that President Johnson will withhold spending for some new "Great Society" programs if Congress refuses to make recommended cuts in old government programs.

The forecast came as Johnson called his Cabinet together to hear proposals and projects on programs which — in his words — "could be foregone, or eliminated, or postponed, or stretched out in hope of saving money."

Johnson told a news conference Thursday that he hopes to find areas where cutbacks will ease the shortages in labor, manpower and commodities. Construction would be such an area, he said.

Asks Restraint

This would impose on government agencies the type of restraint which Johnson asked Wednesday night of business leaders and Thursday of city mayors — cutbacks on spending for new plants, equipment, public works and buildings.

Johnson hinted that any substantial savings thus achieved would diminish the prospect of his calling for a general tax increase to prevent recent price advances from becoming a wage-price spiral.

But the signs so far from Capitol Hill, he told newsmen, are that Congress will increase his \$112.8-billion budget instead of reducing it.

"If we can impose anything (any appropriated funds) that we don't have to spend, we will do it," Johnson said.

Must Cut

A high administration source said the President recognizes that Congress may add as much as \$1 billion or \$2 billion to total spending, in the 1967 fiscal year starting July 1, by its reluctance to adopt some cost-cutting recommendations of Johnson's budget.

"If Congress insists on keeping up obsolete programs," this official said privately, "the President will have to cut down on the new programs."

"This is a tough situation, but the President feels he has no choice — that he will have to say: If you want the old programs to continue at the same level as before, we will take an equal amount of money out of new programs."

Nevada was the first state to permit its voters to elect members to the U.S. Senate.

Millions Requested For

Venereal Disease Curbs

Four national health organizations recommended a \$15.5 million federal appropriation for a strengthened venereal disease control program. The amount represents nearly a 50% increase over the current federal appropriation for VD control.

Organizations issuing the joint statement are the American Public Health Association, the American Venereal Disease Association, the Association of State and Territorial Health Officers and the American Social Health Association with the cooperation of the American Medical Society.

The four groups stated that the purpose of the strengthened VD control program based on the guidelines of their joint report is to cut in half the incidence of infectious syphilis and gonorrhea in the United States by 1972. Statistics in the report show that in 1965 reported infectious syphilis in-

creased for the 8th consecutive year, reaching a total of 23,250 cases, a 2.3% increase over 1964. In 1965, reported gonorrhea cases totaled 310,155, a 6.7% increase over 1964.

The organizations warned that the VD problem recorded in official statistics probably represents only one-fourth the actual number of infectious VD cases in the United States. According to their joint statement, most health authorities conservatively estimate that annually there are over 100,000 new cases of infectious syphilis and over one million new gonorrhea cases.

Over 19% of all infectious syphilis and gonorrhea is contracted by teenagers. The infectious syphilis case rate for teenagers is 22.7 per 100,000. The teenage gonorrhea rate is 386.2 cases per 100,000 compared with the rate for all age groups of 158.8.

Infectious syphilis among

homosexuals constitutes a serious problem. In 1965, 1,788 cases or 16.8% of all reported infectious syphilis was acquired through homosexual contact. The report stated that VD case-finding interviews find it much more difficult to elicit names of contacts from homosexuals. Interviewers also reported that the typical homosexual found infected with a venereal disease is more promiscuous than other carriers.

The report notes that one out of every 87 marriage applicants is found to have a positive reactive blood specimen, indicating the presence of syphilis in some stage. It also states that one out of every 106 pregnant women tested have a positive blood specimen, indicating the presence of syphilis.

Ambrosia is the scientific name of ragweed, the plant that gives people hay fever.

Jutilas Face Murder Charge

HOUGHTON (AP) — Mr. and Mrs. William Jutila were returned here from Chicago Thursday night to face a murder charge in the death of their adopted 6-year-old son, Markku, eight years ago.

The couple was arrested in Chicago last weekend after Jutila's brothers complained they had been given evasive answers about what had happened to the boy.

The brothers said they first learned the Jutilas were in Chicago from a letter last Christmas.

Sheriff John Wiitanen said the Jutila couple and the missing boy disappeared from Coburntown outside Hancock eight years ago.

Chicago police quoted Jutila as saying the adopted boy died after a beating by Jutila's wife and saying the couple hid the body under a culvert near Milwaukee. Wisconsin authorities said a body had been found in the area named.

Wilson

Study Club

A 7 p.m. dinner meeting of the Wilson 47 Home Study Club was held at the Clarence Ray home Monday evening. The lesson, "Nutrition Guides for Adults," was given by Mrs. Clarence Ray and Mrs. Leonard Erickson, who prepared dishes for the meal along the lines of the lesson. The meal illustrated quickie meals and time saving practices. The business meeting followed the dinner. The next meeting will be held on Monday, April 25, at the home of Mrs. Ronald Kleiman and the lesson will be, "Parent and Teen-age Relationships." The door prize was won by Mrs. Leonard Erickson.

JOHN HANSON, left, chairman of the Forest Resources Committee of the Michigan Manufacturers Association, and Robert E. Schmeling, right, chairman of the Michigan Tree Farm Committee, congratulate Arthur F. Koller, at a Lansing ceremony which honored him for his services to forestry and help in improving his public image. Koller, who is advisor on woodland matters to President George Dieck of Packaging Corp. of America at Filer City, Mich., was chairman of Michigan Forest Industries in 1961-64 and was cited by American Forest Products Industries, Inc., for his outstanding services. Hanson is a forester for Menasha Corp. at Otsego, Mich., and Schmeling is woodlands manager for Mead Corp. at Escanaba. (AP Photo)

Gobbledygook Is Winner Over Foe

WASHINGTON (AP) — The latest federal official to gingerly dip his toe into the quicksand of government gobbledygook issued a ringing call for better use of "verbal symbols" — words, that is.

In announcing a program to improve the writing in government reports, Commissioner Arthur M. Ross of the Bureau of Labor Statistics appeared to have succumbed to a touch of "federalese" in his five months in office.

It was almost inevitable. Like living in a measles ward, gobbledygook can be catching.

More "cogent" (convincing) analysis, demanded Ross, the eloquent and usually plain-spoken former University of California professor.

No more "timid locutions and turgid rhetoric" (timid phrases and purple prose), Ross plaintively urged.

Try Training
Eight writers for the bureau will get four to six weeks of intensive teaching to help them better translate difficult economic subjects into simpler language, Ross said.

Defense Sector Changes Name; Keeps Function

Effective today, the Duluth Air Defense Sector, after six years of 24-hours-a-day, 7-days-a-week operation, changes its title. The air defense organization, which is responsible for the air security of a large part of Canada and five northern states, will be known as the 29th NORAD Division.

The headquarters of the 29th will be in the concrete blockhouse at Duluth Air Base. From here it can conduct the air defense of more than 300,000 square miles of America's heartland.

The term "NORAD" is an abbreviation for the joint U.S.-Canadian command responsible for the air defense of North America. It is headquartered in Colorado Springs, Colo., and is protecting both the United States and Canada against enemy air attack. The 29th is one of 17 NORAD divisions within the U. S.

The 29th's area of responsibility extends from Sault Ste. Marie, Mich., to Grand Forks, N. D., and from Minneapolis-St. Paul to Hudson Bay, and includes Kincheloe and Sawyer AF bases in the Upper Peninsula.

Mr. Everest was named for Sir George Everest, surveyor-general of India, who determined height of the peak in 1841.

ANNUAL MEETING FORD RIVER TOWNSHIP

The annual meeting of Ford River Township will be held on April 2, 1966 at the township hall at 7:30 P.M.

Clarence Nordquist, Township Clerk

Wisconsin Sex Roils Politicoes

MILWAUKEE, Wis. (AP) — Sex and politics have mixed in Wisconsin, and the controversy is multiplying.

State Sen. Taylor Benson, urged Thursday that Young Democrats oust supporters of a resolution adopted at the group's state convention calling for abolition of all legal restrictions on sexual relations involving consenting adults.

Republican State Chairman Ody J. Fish said, "I doubt if the people of Wisconsin favor sex as a statewide political issue."

The Young Democrats' state chairman, Conrad Goodkind of Madison, had this reply: "The Democrats are for it and Republicans are against it, that might account for the fact that there are more Democrats."

Fifteen Pleasure Boats Burn At Mount Clemens

MOUNT CLEMENS (AP) — Fire has destroyed 15 pleasure boats and a covered boat well and damaged another boat at the Midway Marina in nearby Harrison Township.

No injuries were reported. Damage was estimated at \$200,000.

The blaze was discovered about 4 a.m. and nearly 70 firemen from nine fire departments rushed to the marina, on the Clinton River.

Firemen said the destroyed boats, ranging from 22 to 29 feet in length, were all in the boat well, either in the water or hanging from davits. A 33-foot cruiser in a nearby boat well was damaged.

The cause of the blaze was not immediately determined.

Church Should Point Out Duty

BALTIMORE, Md. (AP) — Lawrence Cardinal Shehan says the church must forcefully speak out on the moral aspects of modern life.

In an address to an ecumenical assembly, the cardinal said the church should "point out man's duty to work for their solution and the moral principles then must be followed."

Batman Talisman Aids Easter Sale

By SALLY RYAN
Associated Press Writer

Easter sales, buoyed by bright print dresses, shorter skirts, permanent-pressed pants, pink luggage and Batman, are soaring throughout the nation.

In a spot survey of stores in many states, The Associated Press found merchants reporting sales up 2 to 45 per cent over 1965.

The National Retail Merchants Association said department store sales this year are running 11 per cent ahead of 1965 — a record year.

A government report noted a 23 per cent gain in department store sales to \$435 million the week ended March 19.

"The economy is healthier," said George W. Dowdy, executive vice president of a department store in Charlotte, N.C. (Blek Brothers Co.). "There is more money in circulation."

But at the same time "the average price is higher," said Bill Foster, sales manager of an Austin, Tex., store (Sage Discount Store).

In New Orleans, La., where a hurricane struck last fall, it's a case of "this an ill wind that blows no good."

"There is no such thing as unemployment in New Orleans because of the reconstruction work," said Charles LaBiche, a merchandise manager (LaBiche's). "This has resulted in a tremendous flow of money. The general economy of New Orleans is fantastic."

Taxes Factor?
In Boston, taxes may be a contributing factor to sales increases.

Robert G. Hoye, vice president of a downtown department store (Jordan Marsh), said sales of appliances, television sets, furniture and rugs were up, apparently as a result of consumers trying to beat a 3 per cent state sales tax going into effect today.

In Ohio, stores in Cleveland, Columbus and Cincinnati report sales up 18 to 30 per cent.

Irvin J. Water, president of a suburban department store (Nevilles Inc.) at Lakewood, Ohio, said sales were up 28 per cent.

He credited the increase to unseasonably warm weather.

Sales are up 25 to 45 per cent, estimated Gordon Bovey, assistant store manager for stores in St. Louis (Spartan's Discount Department Stores).

"The reason is a better grade of merchandise and the people seem to have more money this spring," Bovey said.

"There is more money available and, I find, a lot of people catching up on their indebtedness and willing to buy more," said Harry Feldman, owner of a discount store in Chattanooga, Tenn. (Manufacturers Outlet Inc.).

Bright Colors
The money is going for bright turquoise, lemon, melon and ice blue print dresses in Detroit, bellbottom capris in San Diego, Calif., dresses with sleeves in Tampa, Fla., iridescent suits in Boise, Idaho, strapped shoes in Philadelphia, short skirts in Charleston, W. Va. — and anything with Batman on it.

A Baltimore, Md., discount store sold 24 dozen 99-cent costumes and 60 dozen hats and

skirts in one day.

"Pat Batman on a shirt or anything and it flies out of the store," said the merchandise manager of a suburban Washington discount store.

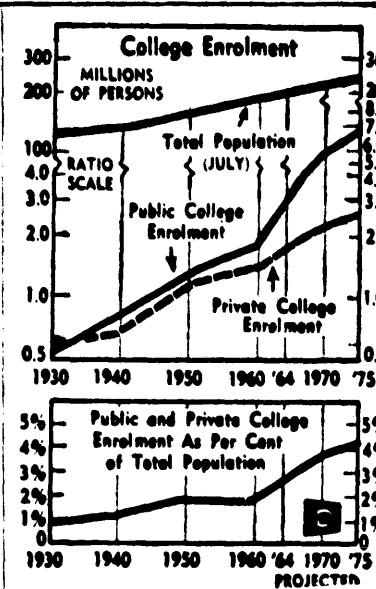

Stores report heavy demand for permanent-pressed slacks and shirts and easy-care knit dresses, along with sheaths and shifts.

Brushed denim, the new fad of teen-agers, is one of the most popular items.

"This washed-out blue slack will probably replace dungarees," said Patrick P. O'Regan, manager of a store (Zayres) on the outskirts of Portland, Maine.

Probe Boat Fire

MOUNT CLEMENS (AP) — An investigation has been ordered in the \$175,000 fire at Midway Marina in nearby Clinton Township on Thursday. Residents living near the marina told Macomb County sheriff's men they heard footsteps inside the building just before the fire broke out.

ENROLLMENT in colleges and universities is climbing at a faster rate than the nation's population and is expected to reach some 9.5 million by 1975, triple the 1960 figure. By 1975, as shown by lower graph, more than 4 per cent of the total population will be in institutions of higher learning, more than double the 1960 figure. Over 50 per cent of the 18-21 age group is expected to be in college by 1975, as against 40 per cent in 1960.

TV Camera Finds People Are Hams

By CYNTHIA LOWRY
AP TV-Radio Writer

NEW YORK (AP) — Harold Wilson, in the final days of campaigning in Thursday's British elections, lectured foreign TV reporters for filming hecklers at a meeting instead of concentrating on the speakers and issues. NBC, in its early news show Wednesday night, carried parts of the lecture — and the hecklers' activities.

Television reporters, admonished Mr. Wilson, were not invited "to encourage people to kick up a row for the sake of exhibitionism."

But the truth is that people are hams wherever they live and TV cameramen, like all reporters, will report on the action.

On a recent news show, a correspondent was describing serious disturbances and troop action in a political upheaval in Indonesia. Tanks and trucks with uniformed men rumbled

past the cameras — but the trucks were filled with smiling, mugging, waving men, all acting like the audience at the Johnny Carson Show.

ABC, which reshuffled its schedule drastically only a couple of months ago, will do it some more in July. In the process, "The Baron," a new British import, will disappear — and a second night of movie reruns will be added.

"The Big Valley" will go from Wednesday night to Monday — its position for next season — on July 18. The present occupant of the Monday night spot, "The Avengers," goes into "The Baron's" Thursday night niche on July 21. "Long Hot Summer" has its last show on July 13, thus opening a two-hour spot in which ABC will rerun movies already shown on Sunday night.

JEAN WORTH, Editor

Election On Monday

Escanaba voters will elect three city councilmen from a field of 9 candidates on Monday. The number of candidates is unusually large, a healthy condition. Two of the candidates are incumbent councilmen seeking re-election, Harold Vanlerberghe and Glenn Moreau.

The other candidates are:
Arol Beck, merchant and for 8 years a member of the Escanaba Board of Education.

Mason Johnson, a retired armed services career man, who has been Delta County Civil Defense director for five years.

Edward A. Gosselin, railroadman and bar owner.
Mrs. Frank Neumeier, housewife and League of Women Voters leader.

Lyle Plowman, former Delta County welfare director and now a member of the Bay de Noc Community College faculty.

Cecil Chase, Clairmont Transfer senior rate clerk who was a close third in the council election two years ago with two to be elected.

Edward J. Cox, railroadman and former councilman and mayor.

Vanlerberghe is a former mayor and an Upper Peninsula civic leader, acting secretary of UPCA and head of its Air Service Committee.

Moreau, a former head of the Harnischfeger Local UAW, is a member of the board of control of Northern Michigan University.

The present council has good marks for two outstanding achievements in sale of the city gas utility for \$725,000 and in investment of the funds in an expansion of plant housing for the Harnischfeger Corp., which will increase its operation, payroll and work force here.

Council has operated the city without scandal and with commendable progress in civic development. It has failed in its efforts to deal directly with its police and fire department personnel in the matter of pensions and they have sought help under a state law which will add substantially to what the city would have paid could they have been brought under the Social Security System.

There has also been a failure in dealing with police pay and the department personnel is now in the process of joining the Teamsters Union to bargain with the city on pay. The implications here for the city are large and cloudy and still ill-defined.

The impression given is that what Council doesn't arrange, its city employees will get by other means. This is, of course, the responsibility of all the council and only two members are up for re-election.

This same situation of general council responsibility applies too, to a subtle change in the character of Escanaba city government. It has been for 44 years a city manager form of government, and it still is, but the authority has shifted emphasis. Council itself is more assertive publicly than formerly.

The mayor, although the office is essentially ceremonial and to create a presiding officer, conducts weekly radio broadcasts on city affairs. The spokesman function is properly that of the city manager, it seems to us, with the council—all 5 members of it—making policy and the city manager executing it.

The change to a more assertive, separatist council has been remarked by council observers. It is difficult to operate a city by manager form of administration and Escanaba has had turbulence before, because it takes a council which will make policy for the professionals employed by the city and let them administer it.

The city manager form of government as created by our city charter departs the older mayor and council form in order to bring to city government the skills of professional managers—of the municipality, of the municipal utilities, etc., as contrasted to a political spoils system where there are no standards of professional competency.

The city manager system is just what its name implies. It is an excellent system and it has done very well for Escanaba, with the council setting policy on the manager's recommendations and the manager administering it. But the Council hires the manager, so the relationship between the two is a delicate one.

The Escanaba League of Women Voters asked the candidates in a public hearing about their concept of the relationship of the city manager and the city councilmen and they were in complete agreement that the council sets policy and the manager manages, but this is not an accurate description of what has been going on at City Hall.

The Doctor Says:

No Specific For Nodes

By Dr. Wayne G. Brandstad.

Q—My husband has Heber years I doubt that it was due to his nodes. What is the best to any climatic features.

A—In osteoarthritis, the benign form of arthritis that frequently accompanies aging, the joints at the ends of the fingers often become swollen. These swellings are known as Heber nodes. Besides age heredity plays a part in their formation. There is no specific treatment for these nodes.

For the underlying disease, most doctors now recommend moderate exercise for the involved joints and aspirin to relieve pain. The more powerful drugs used to treat rheumatoid arthritis, the crippling form of the disease, should be avoided. Warm packs are beneficial only if care is taken not to use heat over 108 degrees Fahrenheit.

Q—I have had arthritis for several years. We moved to California nine years ago. Since last October my condition has been worse but with the aid of Indocin I can get around. Would it help if we moved to a drier climate?

A—Although some persons with arthritis feel better in a warm, dry climate others report no difference. For this reason, most doctors discourage such a drastic step. The Eskimos who live in a cold damp climate are rarely found to have arthritis. Since the aggravation of your symptoms did not occur until you had lived in California, for over eight

months, it is probable that the climate was a factor. However, it is difficult to say for certain. If you are considering a move, it is best to consult with your doctor.

Q—What are the dangers from taking cortisone for arthritis? It is the only drug that will keep me going.

A—Cortisone is fine for reducing acute inflammatory conditions, but it should not be taken for a chronic disease such as arthritis unless you take it only one week in each month. Persons with a definite adrenal deficiency can take small doses indefinitely, but for inflammatory conditions larger doses are given. Large doses taken for a prolonged period may cause acne, thinning of the skin, growth of hair on the face, headaches and dizziness.

If these side effects do not lead to prompt discontinuance of the drug may cause peptic ulcers, wasting of muscles and softening of the bones (osteoporosis) with the risk of fracture of a vertebra. Because the drug gives you relief the temptation to keep on taking it is admittedly great, but your doctor should have you switch to one of the safer new drugs for this disease.

Q—I am firmly convinced that sustained growth within any community must be initiated by its governing body. I am sure there are countless instances where such units either fail to recognize or to assume this responsibility. To those who do, however, it's congratulations.

With renewed confidence in our area and the Upper Peninsula in general, I am

Omer J. Schuster
Chairman, Manistique Planning Commission

"—and Come to Think of It— You Got Anything in the Mattress?"

Want No Chinese

By RAY CROMLEY
WASHINGTON — (NEA) — The general had been responsible for a range of guerrilla operations in South China and North Indochina in the war against Japan.

At the end, he'd had the job of seeing that the Japanese troops in North Viet Nam were disarmed and sent home.

In this, he negotiated with Ho Chi Minh, whose guerrillas operated in the area.

The American general said: "I wanted to send in two Chinese divisions to disarm the Japanese."

"But at that, Ho exploded. He told me he didn't want any Chinese divisions in his country. He insisted they'd never leave."

"No," said the general. "The simple fact is the prime minister (of South Viet Nam) doesn't want Chinese troops in the country, even to fight for the south. He says the people wouldn't stand for it."

The first records on the Viet in the Red River Delta were written by the Chinese after they conquered the area in 111 B. C.

Two sisters led an uprising that threw out the Chinese in A. D. 39. The invaders reconquered the country five years later with harsh suppression.

Revolts against the Chinese were frequent during the next 900 years. But it wasn't until A. D. 938 that the Viet were able to drive them out. For almost seven centuries after that the Vietnamese fought off repeated Chinese invasions.

In 1406 the Chinese again took over the country. Their oppressions brought hatred. They were thrown out in 1427 after a 10-year guerrilla war.

The Chinese, who considered the Viet to be their "vassals," continued their invasions off and on until the French took over.

This history isn't evidence Mao Tse-tung won't ever send his divisions into Viet Nam.

It's not proof Ho's ruling group won't get desperate enough to ask for Red Chinese troops.

But it does indicate that if Mao's Red Chinese came into Viet Nam in numbers, a violent anti-Chinese underground would grow fast, in both North and South Viet Nam—directed against the "invaders" and against the government that brought them in.

Editor's Note: The newspapers have not, we hope, invented the Unidentified Flying Objects reported again recently over Lower Michigan and elsewhere. They reported a specialist's opinion that what the people were looking at in one instance was marsh gas. In the West, students confessed they hoaxed a UFO commotion by sending up flares on balloons.

George M. Harvey
Escanaba City Manager

Permit me to add the congratulations of the Manistique Planning Commission to the many that you and your city council so richly deserve. I refer, of course, to the recent Harnischfeger expansion announcement.

I am firmly convinced that sustained growth within any community must be initiated by its governing body. I am sure there are countless instances where such units either fail to recognize or to assume this responsibility. To those who do, however, it's congratulations.

With renewed confidence in our area and the Upper Peninsula in general, I am

Omer J. Schuster
Chairman, Manistique Planning Commission

People, Events Of Yesteryears

From the files of the
Escanaba Daily Press

10 Years Ago

The vote was light in Escanaba to noon and City Clerk George Harvey guessed the reason to be that wives are waiting until their husbands come home so they may accompany them to the polls to vote for the first time on voting machines.

Appointed to serve on the crippled children's hospital committee of Ahmed Temple, Marquette, serving the Twin City Shrine Hospital at Minneapolis and the Shrine Hospital at Chicago are Dr. Vernon K. Johnson, W. D. "Pete" Ladouceur and Charles Hammer of Escanaba.

25 Years Ago
All that remains to be done to the new \$5,000 octagonal log ski shelter at the Danforth winter sports park is exterior painting and giving the interior some varnish before its occupation by skiers next winter.

Kent Olson, Don Goulais, Jack Reynolds, Vern Johnson and Glen Lewis, who have been at their homes here for the spring vacation, have returned to East Lansing where they are students at Michigan State University.

More than a hundred state officials and employees will attend an Escanaba smelt dinner to be held at the Porter Hotel in Lansing. State Senator Joseph A. LaFramboise will be the host. Among the guests will be Governor and Mrs. Murray D. Van Wagoner, and Lieut. Gov. and Mrs. Frank Murphy.

Among the group of hearty golfers who opened the 1941 golfing season were M. L. Council, A. J. Perrin, W. Dickson, W. Henderson and Milton Plumb, sports editor of the Press. The only birdie of the day was caged by "Cotton" Leonard, the Escanaba professional.

Columbus died in ignorance of the fact that he had discovered a new continent.

It Happened Ann Landers On This Date A Lot To Learn That Isn't In The Books

By The Associated Press
Today is Friday, April 1, the 91st day of 1968. There are 274 days left in the year.

Today's highlight in history: On this date in 1848, a report of the discovery of gold in California was mailed from San Francisco. It first appeared in the New York Herald Aug. 19.

On this date
In 1865, the Confederates were defeated in a Civil War cavalry battle at Five Forks, Va.

In 1815, Prince Otto von Bismarck, Prussian statesman and founder of the German Empire, was born.

In 1914, permanent civil government for the Panama Canal Zone was inaugurated.

In 1918, the Royal Air Force was founded in Britain.

In 1933, the Nazis launched anti-Semitic measures with violent demonstrations in the streets of Berlin.

Ten years ago — Pope Pius XII, apparently referring to Moscow's new political strategy, warned the world against "the enemy of peace."

Five years ago — Lyndon B. Johnson left Washington on his first overseas mission as vice president, with his first stop at Dakar, Senegal, to mark the first anniversary of Senegal's independence.

One year ago — Dr. Martin Luther King announced plans for a boycott of Alabama products at a meeting of his Southern Christian Leadership Conference executive board in Baltimore.

Dear Ann Landers: I laughed when I read the letter from the girl who was mad because her friend wore false eyelashes, a hair-piece, contact lenses and a half-piece, and seemed to have great success with the men while she (who never misrepresented anything) did poorly by comparison. Then I remembered something I had read when I was a law student at Columbia and I looked it up.

If "Mis Loose Parts" had lived in England during the 18th century she would have been in serious trouble. Here is a law that was passed by the British Parliament in 1770:

"All women, of whatever age, rank, profession or degree, whether virgin, maids or widows, that shall impose upon, seduce or betray into matrimony any of His Majesty's subjects, by scents, paints, cosmetics, washes, artificial teeth, false hair, iron stave hoops, high-heeled shoes, bolstered hips or padded bosoms shall incur the penalty of the law enforced against witchcraft and like misdemeanors, and, upon conviction, that marriage shall stand null and void." — THE OLD RESEARCHER

Dear Researcher: It's interesting to learn that in 1770 a man could be seduced by high-heeled shoes. God save the king — and all other males who lived during those hazardous times.

Dear Ann Landers: I can tell it's been a long time since you were in college, dearie. When the student from Illinois wrote and said the professors favored the sexy girls, you accused the guy of being a sorehead. I go to school in Phoenix and the same thing happens here.

I got "A" papers all through the term but the prof gave me a "C" for the course. I ought to tell you that I am a male and the prof is a phony intellectual who gives me a pain in the sacroiliac. Is this your idea of fair? — THE HERETIC

Dear H.: Who said life was fair? If the prof gives you a pain in the sacroiliac you probably give him a pain in the same area. You have a lot to learn that isn't in the books, Bub.

If you have trouble getting along with your parents . . . if you can't get them to let you live your own life, send for Ann Landers' booklet, "Bugged By Parents? How To Get More Freedom." Send 50 cents in coin with your request and a long, stamped, self-addressed envelope.

Ann Landers will be glad to help you with your problems. Send them to her in care of this newspaper enclosing a stamped, self-addressed envelope.

BARBS

The Shape of the Cross

By RALPH W. LOEW, D.D.

They dropped that Cross into a hole in the ground. It thudded with a jolt that sent added pain through the body of the Man hanging there. They planted the Cross.

When you look at that fact, you know that this Man had to have something worth living for, in order to have something worth dying for. He had to believe that it was worthwhile here for that Cross is planted in our kind of soil.

Real religion is always like that. It's no opiate. It's no blissful floating around on some ecstatic cloud. It deals with dirt, with ugliness, with guilt. It has to do with the unloveliness and ugliness, with all the humus of sin and shame in our own earthliness.

If you have something worth living for, you know that that Cross is in your own kind of soil. It's planted where you are. The shape of the Cross has the contour of healing for those who live in our kind of soil.

George M. Harvey
Escanaba City Manager

Permit me to add the congratulations of the Manistique Planning Commission to the many that you and your city council so richly deserve. I refer, of course, to the recent Harnischfeger expansion announcement.

I am firmly convinced that sustained growth within any community must be initiated by its governing body. I am sure there are countless instances where such units either fail to recognize or to assume this responsibility. To those who do, however, it's congratulations.

With renewed confidence in our area and the Upper Peninsula in general, I am

Omer J. Schuster
Chairman, Manistique Planning Commission

Spring Showers Theme Of Local Achievement Show

CORNELL — Spring Showers was the theme for the Cornell Tots and Teens 4-H Club local achievement held at the town hall on Monday evening. President, Vital Vandrese, opened the program followed by flag pledges led by Vice President, Debbie Scheuren. Mrs. Howard Scheuren introduced the talent numbers.

Participating were Janice Jungles, Betty Thompson, Iris Harrison, Melissa and Myrna Rose. The Rose girls and Iris Harrison will compete at county achievement on April 2 at the Junior High School in Escanaba.

Boys certificates and year pins were given by Mrs. Morton Scheuren. Larry Bradford announced the following winners in handicraft, John Schultz, Neil Vandrese, Dale Ford and Vital Vandrese. Other boys enrolled in handicraft are as follows: Robert Thompson, Daniel Trenary, Mark Rose.

Mrs. Alfred Dahl Jr. announced the style show which consisted of the following girls:

1st year, Wanda Vandrese, Debbie Olson, Arleen Harrison, Iris Harrison; 2nd, Billie Ann Woodard, Joyce Lippens, Janice Jungles, Kathy Mattson, Diane Tuyls, Cheryl Barron; 4th, Karen Dahl, Sindi Vandrese, Myrna Rose; 5th, Maxine Vandrese, Debbie Scheuren, Irma Woodard; 6th, Betty Lippens; 7th, Linda Carlson, Shirley Lippens, Diane Barron, Mary Jo Dahl, Melissa Rose; 9th, Betty Thompson.

Knitting girls modeling their garments were Iris Harrison, Billie Ann Woodard, Cecelia Kallman, Maxine Vandrese, Mary Lippens, Mrs. Phil Lippens was the commentator.

Home Design girls are Nina Wolfe, Debbie Scheuren and Betty Thompson. Mrs. Robert Thompson commended the group on the fine work they have done during the year.

The group enjoyed an auction table following the program and lunch was served by the Cornell P.T.C. The Sr. Miss Girls will model at Junior High tonight, April 1, at 8 o'clock and the other girls on Saturday, April 2 at 9 o'clock.

ANNOUNCEMENT is made by Mr. and Mrs. Kenneth L. Lewis, 314 S. 9th St., Escanaba of the engagement and approaching marriage of their daughter, Carol Jean, to David Anthony Vardian, son of Mr. and Mrs. Anthony Vardian, 328 S. 17th St. Both young people are 1963 graduates of Holy Name High School. (Lee's Studio)

Talent Show To Be Presented At Rapid River PTA

Fifty-eight young people have entered the talent competition for Rapid River's PTA Talent Show. The show will be presented Friday, April 15, 8 p. m. in Rapid River High School's gymnasium. Joe DeMay will return for the second year to MC the show "Peppy Stepper". Rapid River's round dance group, instructed by Mr. and Mrs. Lloyd Bland will demonstrate round dance style during the show's intermission.

Following the show, the school's Senior class will sponsor a pie social and bake sale in the elementary school's multi-purpose room. Proceeds from the show will help finance the Senior class trip to Chicago.

Elementary school age children are conducting an advanced ticket sale. April 13 will be the show's dress rehearsal and April 14 a matinee will be given for the elementary grades. The show's co-chairmen are: Mrs. Ronald Sundberg and Mrs. Walden Johnson, Jr., assisted by Mrs. Richard Eiegret, decorations: Mrs. Loyal Sigrids, publicity: Mrs. Nels Koski, tickets: Mrs. El Constantino, properties: Walter Peters, judges.

Social-Club Women's Club

The Women's Club of the Chicago and Northwestern Railway System will meet Monday, April 4, at 2 p. m. in the Elks Clubrooms. Members are asked to bring items for a hobby show. Chairman of the social hour is Mrs. Mose Martin assisted by Mrs. Joseph Corcoran, Mrs. Joseph Dugener, Mrs. Leonard Anderson and Mrs. James Jungles.

When you are baking popovers in custard cups, you may want to place the cups on a cookie sheet.

Ensigner Club Achievement Show Well Attended

Ensigner 4-H Club's local achievement show attracted a crowd of 125 persons Sunday night at the Ensign Township Hall. Preceding the show, exhibits were viewed displaying the club's winter project work. Each display table was hosted by the club's junior leaders, Bonnie Hansen, Bob Gibbons, Sue Sundberg, Mary Ellen Bolland, Cindy, Tom and Clint Safford.

The program began with an impressive candlelighting ceremony. Tom Safford, master of ceremonies, gave the welcoming address. Special guests were introduced, Ingrid Tervonen, Delta County home economist, Larry Bradford, Delta County 4-H agent, Mr. and Mrs. Ed Seger, 4-H leaders from the Wells 4-H Club, Mrs. Herbert Lundin presented corsages and crowns to the club's royal pair, queen Bonnie Hansen, king Pat Gibbons.

The hall decorated in spring fashion with tulips and rabbit faces was an ideal setting for the style revue narrated by Cindy Safford and Linda Norlander. Piano accompaniment was played by Jane Ann La-Crosse and Linda Norlander. Each girl modeled her sewing and knitting garments. Bob Gibbons presented a forensic selection and Thomas Safford, club organization leader, told of the club's progress during the recent year. Ensigner Club continues to grow in membership, club leaders, and project study.

Recognition was paid the club's seventeen leaders by Stanley Dominick. 4-H leader signs were presented new leaders; Mrs. Herbert Lundin, Mrs. George Holmgren, Mrs. Hjalmar Nelson, Mrs. Mary La-Crosse, Matt Majestic, and Charles Doonan. Parent cooperation gifts were awarded to Glen Lundin, Mrs. Mary La-Crosse, Mr. and Mrs. Michael Majestic.

Five talent acts were presented for the Share the Fun Show. Participants were Charles Peterson, Ruth and Regina Olson, Darryl Lindquist, Mike Rasmussen, and Jeff Norlander. The club will be represented at county show April 2 by two acts: vocal duet by Ruth and Regina Olson and piano solo by Darryl Lindquist. Mike Rasmussen reported on the auto care project directed by leaders, William Pajnick and Lloyd Sundberg.

The club recognized two younger members for their club participation; Christine Dominick and Jeff Norlander. The club's four seniors were honored for their club progress and achievement; gifts were presented to Sandy Gibbons, Charles Hansen, Sue Sundberg and Cindy Safford. Woodworking and conservation project winners were announced by Bradford, David Holmgren, Don Dominick, Dan Safford, Tom Safford, Don Safford, Greg Norlander and Clint Safford. The evening was completed with lunch, Donna Rasmussen, chairman.

Births

PEDERSON — Mr. and Mrs. Amer Pederson of 913 6th Ave. S., are the parents of a daughter, Lori Ann, born Wednesday, March 30 at 11:17 p. m. She weighed 7 pounds and 6 ounces. Mrs. Pederson is the former Betty Jo Whitney.

BESSON — A son, not named as yet was born to Mr. and Mrs. Gary Besson, 1219 Stephenson, this morning, April 1 at St. Francis Hospital. He arrived at 2:23 a. m. and weighed 6 pounds and 14 ounces. The mother is the former Theresa Teuear.

Jean Rademacher Grant J. Benson Exchange Vows

Major M. Jean Rademacher of the Medical Air Corps became the bride of M-Sgt. Grant J. Benson of the 19th Strategic Air Division of Dyess Air Base at Abilene, Texas, on March 17.

The bride is the daughter of Mr. and Mrs. Paul H. Rademacher of the Jaeger Road. She was stationed at Elmendorf Air Base, Anchorage, Alaska, until her recent transfer to Dyess.

M-Sgt. Benson is the son of Mrs. Ellen Benson of Chicago. He was a bomber pilot in World War II.

The Bensions will be at home at 302 N. Mockingbird Drive, Abilene, Texas.

Well PTA To Meet Tuesday

The Wells PTA will have the Wells Willing Workers 4-H Club members as the program for their regular meeting to be held Tuesday, April 5 at 8 p. m.

The program will consist of modeling, gun safety demonstration and talent number performances.

Lunch will be served by the mothers of Miss McDonough's third grade and Miss Ford's second grade students.

Legion Auxiliary Meets Monday

The American Legion Auxiliary, Cloverland unit #2 will hold its monthly meeting Monday, April 4 at 8 o'clock at the legion clubrooms.

Mrs. Bessie Rogers is chairman of the social hour and she will be assisted by the following Mesdames: Verna Oster, Marie Bryson, Marie Beaudin, Eva Brazeau, Olive Bartley, Aurelia Bink and Debra Provencher.

MANISTIQUE

Mrs. Leslie Henry (Mincott Photo)

Alma Cousineau Bride Of Leslie A. Henry

In a 2 p. m. ceremony Saturday in First Baptist Church, Alma L. Cousineau, daughter of Mr. and Mrs. Melvin Cousineau, Rte. 1, and Es Leslie Alan Henry, son of Mr. and Mrs. Virgil Henry, N. 4th St., exchanged wedding vows. The Rev. Roy Pitts officiated at the single-ring ceremony.

Mrs. William (Virginia) Adams of Manistique, sister of the bride, was matron of honor and Dallas Gould was best man. The bride wore a dress fashioned with white lace top, full sleeves and blue skirt with a white pillbox hat and a red rose corsage.

The bride's attendant wore a light blue suit with corsage of pink roses and white mums. Mrs. Cousineau wore a cranberry dress with a corsage of yellow roses. Mrs. Henry was a hospital patient and unable to attend.

A reception was held in the K-C Hall for 200 guests. Both attended Manistique High School.

The bridegroom has been in the Army since November and left Wednesday for Viet Nam.

Fire Warden Training Meeting Is Scheduled

A warden's meeting will be held here Monday at the U. S. Forest Service office.

The wardens serve on a volunteer basis, issuing permits, making contacts when fires are sighted and taking independent action to stop fires when they occur. They receive pay only for fire fighting time.

The training session will be devoted to safety, tool use and laws related to fire permits in the morning. In the afternoon they will go to Intake Park and practice using a pumper truck.

Briefly Told

The Study Club meets Monday evening at the home of Mrs. John Moffat.

Public Safety officers were called at 1:55 p. m. Thursday to the Francis McNamara store on East Lake Shore drive when a grass fire started from an incinerator. There was no damage.

Out-of-town persons attending the funeral of Mrs. Louis Nemitz were the Edward, Emil, George and Fred Frappiers of Escanaba, Mr. and Mrs. Norman Nemitz and family and Mr. and Mrs. Glen Martin of Detroit, Mrs. James Cole and Linda Becker.

Class Reunion

The Manistique High School Class of 1936, at a meeting this week began plans for a reunion Sept. 4. Out-of-town class members are asked to advise local members of their addresses for mailing purposes. The next planning meeting is 7:30 p. m., May 24 in the courthouse.

MEXICAN LABORER holds 40-pound grouper caught by fishing party out of La Paz, Baja California Sur, Mexico. Catches like this are not uncommon from this largest port on the Gulf of California.

Gulf Of California Offers

Finest Fishing In The World

Story and Photos
By KENNETH S. LOWE

The Sea of Cortez splits old Mexico into two land masses, and is rated one of the finest salt water fishing grounds in the world.

Otherwise known as the Gulf of California, it stretches 700 miles from the mouth of the Colorado River to the Pacific Ocean and separates Mexico proper from its "forgotten peninsula" — Baja, California.

"Baja" is divided into two parts, the northern state and the Territory of Baja California Sur. Principal community of the territory is La Paz, a city of about 26,000 that sits almost astride the Tropic of Cancer.

Accessible only by plane or boat — unless you have the time, patience and resources to drive there over its primitive roads — La Paz struck me as being an anachronism: A frontier town that offers excellent modern accommodations for the visiting fisherman or hunter. It is 775 air miles south of Los Angeles, a three-and-a-half hour flight in the DC-6's of Aerovias de Mexico.

12 Months Fishing

We arrived there on a Sunday afternoon in late February, eager to start fishing early the next morning. We asked Bill Callahan, who operates a fleet of charter boats in La Paz, what we could expect to find the next day.

"Fishing is excellent here 12 months a year for one species or another," he replied. "Naturally, fishing seasons vary somewhat from year to year, but usually marlin arrive here in quantity around the middle of March (so we were too early for them) and stay in these waters until October.

Sailfish are usually plentiful from June until November. Roosterfish, sierra, yellowtail, bonito and tuna are available all year long, although they are most plentiful during the winter. Dolphin are plentiful during most of the year, but particularly abundant from April through December. Cabrilla, pargo and grouper are in La Paz waters all year.

Dawn the next day found us in a 25-foot cabin cruiser on a rather heavy sea. Later in the day the warm sun would allow us to fish in shirtsleeves, but now the wind was chilly and a sweater felt comfortable. Enrico, the skipper, hugged the coast to keep out of the wind while Federico, the guide, rigged the tackle. We used 20-pound test lines and spoons for lures.

Mountains And Cacti

The shoreline was in stark contrast to the Upper Peninsula. We had left only the day before. Small mountains bristling with cacti and other strange vegetation sloped down to the sand beaches and rock ledges at the water's edge. Odd birds — man-of-war, vultures and brown pelicans — took advantage of the strong wind to soar over the waters in search of carrion. Here and there a gro-

CABIN CRUISER prepares to leave port of La Paz for day of deep sea fishing in Gulf of California. Reservations for boats should be made well in advance. Light and heavy tackle is provided by charter boat operators. Crew includes skipper and guide. Fishing day lasts for eight hours.

tesque rock outcrop protruded from the sea, and on one of these we had the good fortune to sight a sea lion sleeping in the sun.

The wind and rough water kept us confined to the spacious harbor all day, but in spite of this we managed to land a yellowtail, which is a spectacular game fish, a curvina, a toro and three mackerels — brilliantly colored creatures unlike anything found in our Northern Michigan waters.

When I hooked the curvina, a surface fighter, three brazen pelicans tried to steal it from the hook and followed the fish to within 10 feet of the cruiser before Federico succeeded in driving them off.

Mackerel For Bait

Other commitments kept us from fishing on the second day, but we were able to get out again Wednesday. By now the wind had died down so that we were able to get out of the harbor and try for bigger game.

We began by fishing for mackerel to use for bait. Within an hour we had boated an even dozen of them, all taken on medium-sized spoons and each weighing about two pounds.

With the mackerel in the fish box, Enrico headed far out into the gulf. I was amazed when Federico threaded a whole mackerel on the hook for bait. If we were using two-pound fish for bait, what size fish were we going after? I wondered. It wasn't long before I found out.

We trolled for yellowtails for perhaps an hour without getting a strike. Then we fished the mackerel off the bottom with equally poor luck.

Enrico moved the boat. Federico stripped off the mackerel and substituted large spoons. Then, with the boat in neutral,

we began jigging off the ocean floor. For the next hour scarcely a minute passed when there wasn't a fish on one of the two rods, and more often than not both rods were bowed.

Shark Gets Head

The first fish aboard was an eight-pound red snapper. We decided to keep this for dinner that evening, and it was delicious. Then my partner snagged an amberjack just above the tail. It fought vigorously for a few minutes and then became completely inert. When the line was reeled in the reason was apparent: The entire head of the amberjack had been slashed off by a shark.

In rapid succession we hooked six large fish of unknown identity. All six of them broke the line. One obviously was a shark, as evidenced by the teeth marks on the line. Some of the others may have been huge groupers. Whatever they were, they bullied their way to the bottom and managed to saw the line against the coral.

McMillan

Leonard Davis of Germfask was a caller at the Frank Kirby home on Monday.

Those attending the Methodist Church at Germfask on Tuesday evening were the Rev. and Mrs. Carl Shamblen, Mrs. Elita Mundt, Mrs. Frank Kirby and Mrs. Jay Tanner.

Mrs. Robert Couturier and children were business callers in Manistique on Monday.

Mr. and Mrs. Jerome Shepard of Cadillac spent a few days last week visiting Mr. and Mrs. Ferris Musgrave.

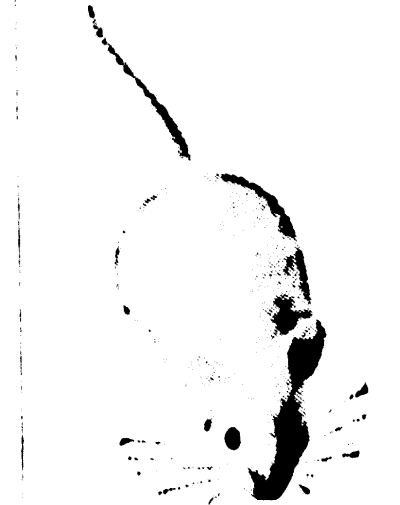

Mrs. Ed Duflo of Newberry visited Monday with her daughter, Mrs. Max Anderson and family.

Frank Kirby left Tuesday morning on a business trip to Kalkaska.

Holmes Promoted

NEW YORK (AP)—John W. A. Holmes Jr., was appointed director of personnel for the Overseas Operations Division of General Motors Corp., effective May 1, the auto making firm said Thursday.

A boy in business for himself doesn't worry about summer jobs

Or fall jobs, or winter jobs, for that matter. Because the boy with a newspaper route—a junior independent merchant—has a year 'round income. The few hours he puts in each week not only provide monetary returns but the even more significant dividends of learning how free enterprise operates.

The business of learning the value of money, of keeping books, collecting, buying at wholesale and selling at retail is important. But not even money can buy the other skills acquired from route experience—learning to deal pleasantly with people, for instance, or the value of punctuality.

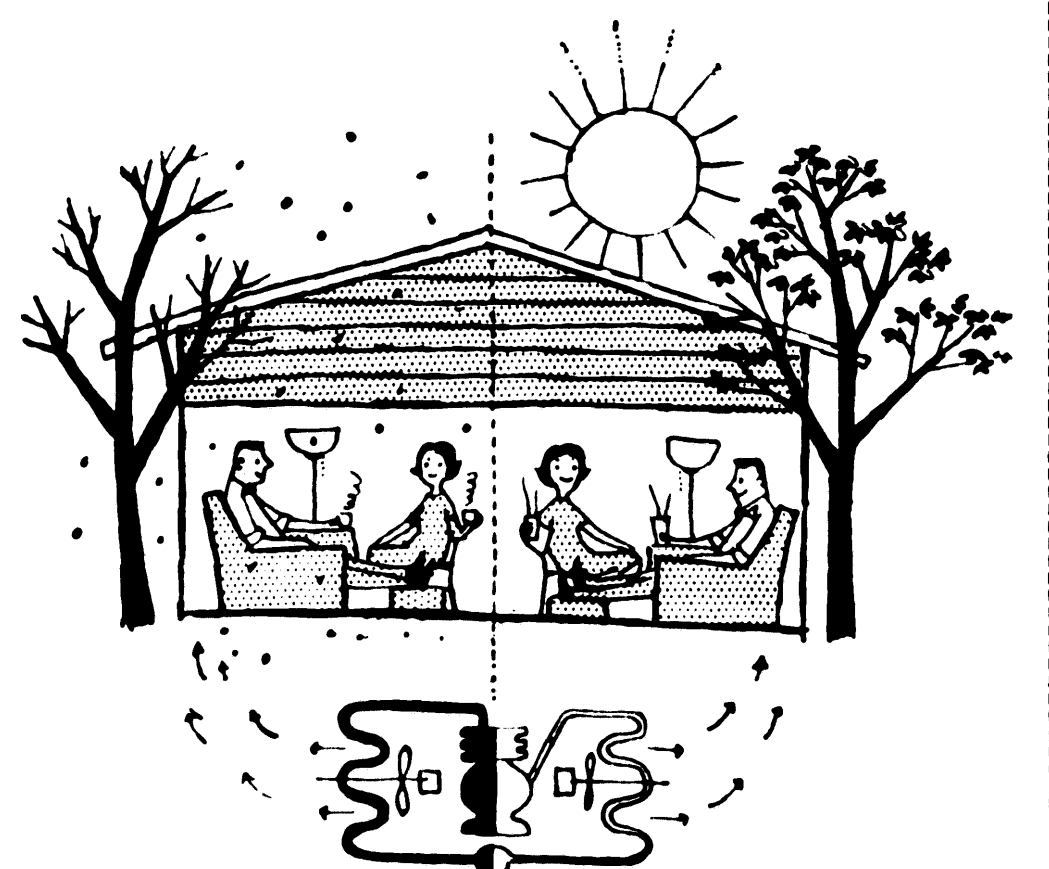

Your newspaperboy is learning all the time. His route experience helps him acquire the intangible skills so necessary for success both socially and professionally. He makes money at it, too.

Only about one boy in ten gets the opportunity to have a newspaper route. If you think your son or some other youngster might profit by newspaper route experience, why not suggest that he come in and talk to us.

ESCANABA DAILY PRESS

Year 'round comfort...

with an electric heat pump

Neither winter winds nor summer sun will interrupt your comfort when you have an electric heat pump weather-conditioning your home.

It cools in summer... warms in winter... gives you absolute control of both temperature and humidity... operates automatically... and costs so little to operate.

No matter what style of home you plan—plan to heat and cool with a single unit—the electric heat pump—for modern all-weather comfort and convenience.

ESCANABA MUNICIPAL ELECTRIC UTILITY

Lake Commercial Fishing Improves Must Be Limited

MARQUETTE (AP) — Michigan's long-bleak commercial fishing picture may be brightening a little experts say, but unlimited exploitation of the Great Lakes still is not in sight.

Take this historic Lake Superior fishing center, once one of the biggest on the lake. Marquette has five tugs operating now. About 100 remain on the entire lake, largest fresh-water body in the world.

Even 100 may be too many. "The situation of the commercial fisherman in the Great Lakes is not unlike that of the marginal farmer," Walter Crowe, a Conservation Department expert, said Wednesday. "They are struggling to make a living and there are too many of them."

Previously, he said, they depended on high quality fish such as lake trout, whitefish and walleyes. Then the lamprey eel invaded the lakes through the St. Lawrence Seaway, decimating these fish.

This put fishermen "in a very precarious position," Crowe said. "For the most part they have been unable to convert to the handling and processing of fish of lower value."

Conservationists from Michigan, Wisconsin and Minnesota met last fall and agreed something drastic would have to be done to preserve even a part of the once-huge schools of fish.

The U. S. Economic Development Administration has provided \$170,000 for a study to revive and diversify commercial fishing. Another \$30,000 has been promised by the U. S. Bureau of Fisheries.

Lamprey control programs and large-scale restocking have

increased quantities somewhat. Other plans in the making include better marketing techniques of lake herring and experimental plantings of commercial and sports fish new to Lake Superior.

"With the lamprey coming under control," Crowe said, "we believe the situation may improve. The department is restocking lake trout and in Lake Superior, for instance, the picture looks encouraging."

"The supplies are not large enough yet, however, to expose them to unlimited exploitation," Crowe warned.

Cross Family All In The Hospital

MELLOTT, Ind. (AP) — The Edison Cross family knows how true is the saying, "When it rains it pours."

Cross was admitted to St. Elizabeth Hospital, Lafayette, Saturday after becoming seriously ill at home. When his wife returned from the hospital that evening, she found her daughter, Diane, 10, suffering a severe asthma attack. Diane was taken to St. Elizabeth.

Sunday, father and daughter were joined by another Cross child, Debbie, 4, who had swallowed a quantity of baby aspirin.

Wednesday Mrs. Cross, her two other children and a sister-in-law, Mrs. Guy Hurd of Melott, were admitted to St. Elizabeth.

They were hurt in an auto accident while en route to the hospital.

New York's first tavern was built in 1642, when the city was still known as New Amsterdam.

Finds Room For Extras

By ANDY LANG

When a family wants three bedrooms on one floor, as well as good living space to go with them, the design has to be very special if it's to stay within a medium budget.

The problem is accentuated when the family wants a two-car garage, a family room in addition to a working kitchen,

G-27 STATISTICS

Design G-27 has a living room, dining room, family room, kitchen, three bedrooms, a dual bath, a lavatory, front porch, rear terrace, dining patio and two-car garage. There are 1322 square feet of habitable area. Over-all dimensions are 64' 4" by 42'. The plans include a basement.

laundry space on the first floor and an extra area, porch or patio, with flexibility for conversion.

It is seldom that all these demands can be satisfied in a house that must fit on a moderate-sized lot. But architect Lester Cohen has accomplished this objective in Design G-27, created for the House of the Week Series. The garage, attached in a most attractive exterior line, is big enough for two cars and yet offers interior storage as well as patio storage accessible from the backyard. The family room has a corner fireplace, with glass doors and windows opening out to the rear terrace. The kitchen, with a compact L-shaped arrangement, takes little space for the lady of the house with a dinette on one side and a dining room on the other.

In one of his many space-saving features, architect Cohen has tucked the laundry area into an alcove in a dual bathroom next to the basement stairway. This saves steps to any basement unit. To add to the convenience, there's a sheltered outdoor end of the terrace for sunny drying just out the back door.

For the master bedroom, there's a private lavatory. If only two bedrooms are needed, the third can serve as a den or study or a private office at home for a professional man. It all adds up to a lot of extra convenience in a house with the modest over-all dimensions of 64' 4" by 42', statistics that include the previously-mentioned two-car garage.

The living room, 20' in one direction, gains added visual space in the other direction because of the manner in which it is lined up with the dining room. The latter has glass doors to a dining patio behind the garage. The living room is directly to the right of the foyer, which is entered from a spacious, covered front porch. In this center hall plan, the bedroom wing is at the left side of the house.

The exterior of the house, with its slate-floored porch, modern roof design and mixture of stone and wood, is enhanced by a long planter beginning at the porch and extending past the house on one side.

Although already of modest size, this house can be built on an even smaller lot if a one-car garage suffices or no garage at all is necessary. But if kept as designed, the dining patio behind the garage can be turned into an extra bedroom at some later time if the family grows. Another possibility is its conversion into a study for older children.

The 1322 square feet of living space in Design G-27 has been made to seem even larger by compact designing. Where the budget and the size of the lot dictate a home of modest proportions, a family can hardly go wrong with this latest House of the Week.

No Difference Says Sen. Dodd

AIR FORCE ACADEMY, Colo. (AP) — Sen. Thomas A. Dodd, D-Conn., says he sees no difference "between those who urged that we placate Hitler by giving him part of Czechoslovakia and those who today urged that we placate the Viet Cong by concessions to them."

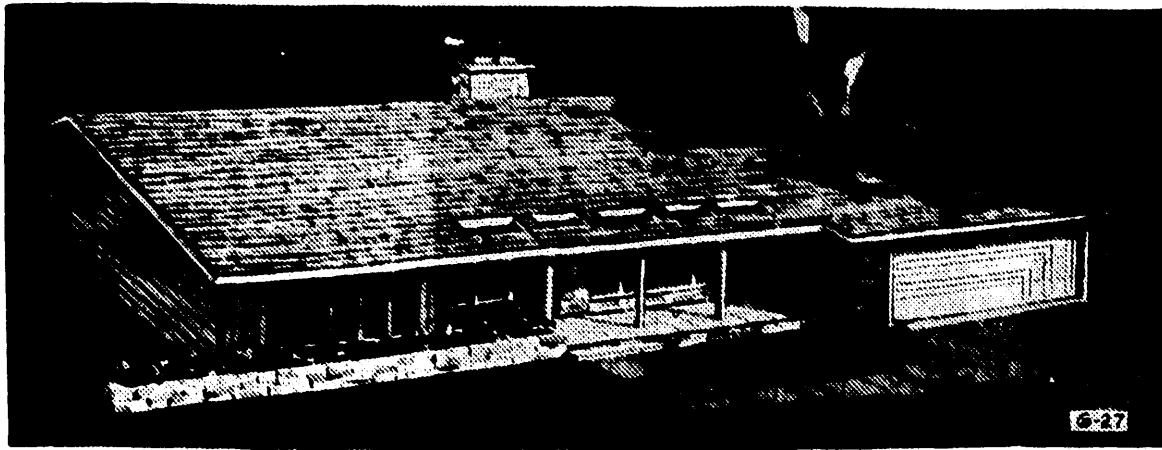

Dodd, chairman of the Senate Internal Security subcommittee, spoke at a meeting of college representatives at the academy.

Stay On Carrier

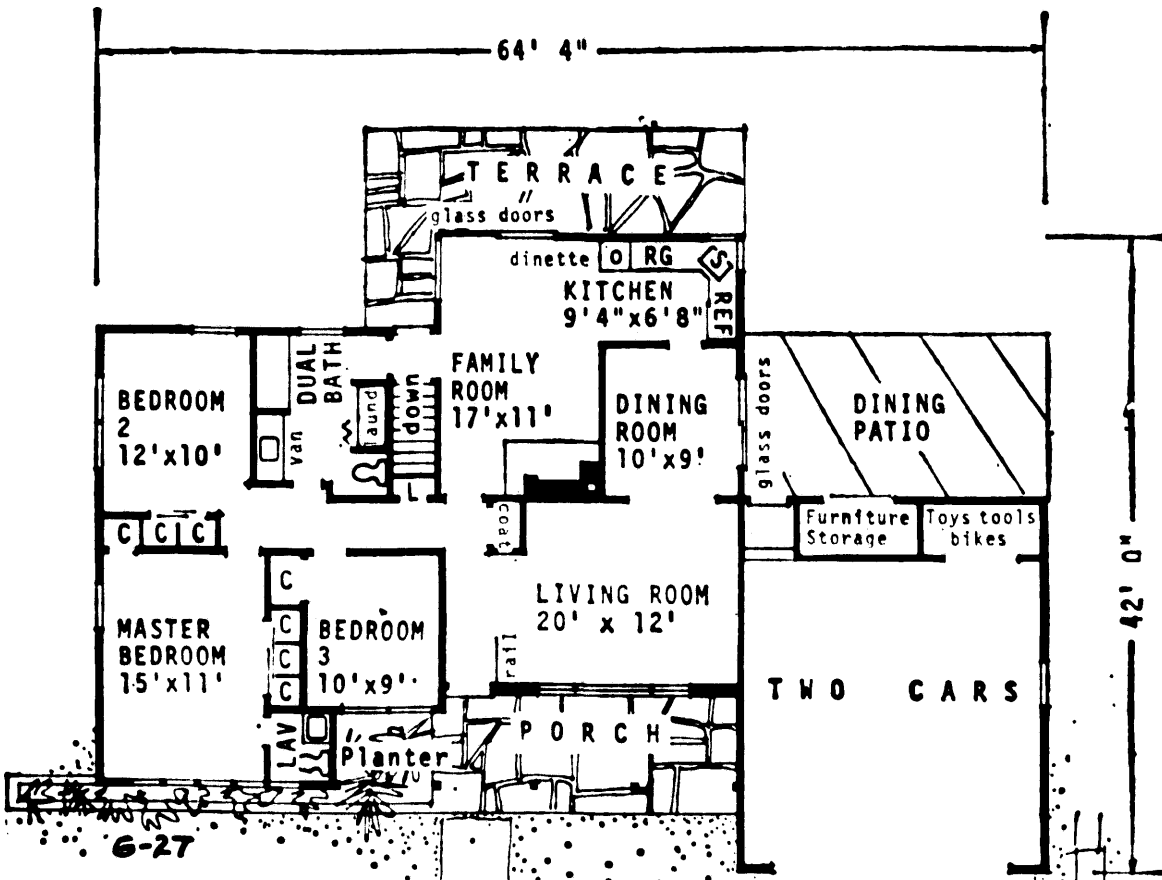

PROVIDENCE, R.I. (AP) — The Navy came to the aid of 70 young Canadian hockey players who will play in the International Friendship Hockey Festival this weekend in nearby Cranston.

Tournament sponsors were 70 beds short, so the boys were invited to stay on the carrier Lake Champlain, at nearby Quonset Point.

The boys range in age from 9 to 15.

DECEPTIVE RANCH: The long, low lines of this three-bedroom ranch, with the major portion of the roof visible from the street, make the 64' 4" front appear to be considerably longer than it is—one of its many design features.

FLOOR PLANS: Study of floor plans shows that architect has used compact layout to include many features not ordinarily included in house with such modest dimensions.

FAMILY ROOM: Part of family room in the foreground looks across the dinette through glass doors to a rear terrace; kitchen is to the right, with door at left leading to the indented portion of the terrace. Not shown is a family room fireplace.

State College Enrollment Up

LANSING (AP) — The State Education Department reports enrollments in Michigan's 88 public and private colleges and universities have increased 16 per cent in a year. The total fall enrollment in the state was 271,000 students compared with 241,000 in the fall of 1964.

DFC Asked For Michigan Flyer

SAIGON (AP) — Maj. Rex O'Connor, 35, of Adrian, Mich., has been recommended for the Distinguished Flying Cross for his action as a forward air controller in South Viet Nam.

O'Connor says flying his light plane over a Vietnamese Army action eight miles east of Saigon Feb. 22 when the government troops and their American advisers were pinned down by heavy enemy gunfire.

O'Connor called in attack planes that allowed the allied troops to withdraw. He then spotted Viet Cong setting up an ambush in their path. To regain radio contact with the withdrawing troops he buzzed them twice—the last time only a few feet above their heads—and then warned them. A second air attack was called in and the ambush failed.

Estes Seeking A New Trial

EL PASO, Tex. (AP) — Billie Sol Estes was held in the El Paso County Jail today after he was brought from a federal prison for a hearing on his motion for a new trial.

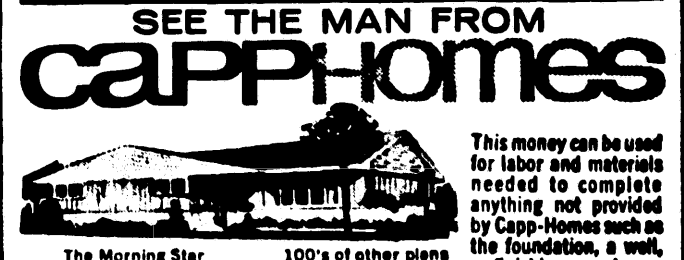

The bankrupt west Texas promoter arrived Thursday from the prison at Ft. Leavenworth, Kan., where he is serving a 15-year sentence for conspiracy to commit fraud. He was convicted here in 1963 and, after appeals failed, was transferred to Leavenworth March 9, 1965.

A prehearing conference will be held April 8, and the hearing before U.S. Dist. Court Judge Leo Brewster will be April 11. The hearing was ordered after Estes' attorneys said they had uncovered new evidence regarding testimony by government witnesses at the trial.

Joins Chrysler

WASHINGTON (AP) — Tom Killefer, whose resignation as U.S. director of the Inter-American Development Bank was announced earlier this week, will become executive assistant to David W. Kendall, Chrysler Corp. vice president for legal affairs.

Sleep-In In Senate Gallery

LANSING (AP) — Some 25 supporters of an increased state minimum wage spread their sleeping bags in the Senate gallery Thursday night for what was possibly the first "lie-in" in state capitol history.

Led by officers of Local 705 of the Hotel, Motel and Restaurant Employees Union, the group of clergymen, representatives of social action groups, union members and students said they would stay until a legislative labor committee reported out a bill to hike the minimum wage to \$1.25 this year and \$1.50 next year.

Both the House and Senate labor committees have identical bills under consideration. The deadline for reporting bills in the house of origin is midnight tonight.

The orderly group was given permission to remain overnight after a hurried meeting of Senate leaders.

Mort Furry of Local 705 said earlier, "we'll spend the night in the capitol or they'll have to drag us off to jail."

But instead the group spread its blankets and sleeping bags on the thinly-padded gallery because of fire regulations.

Sen. Basil Brown, D-Highland Park, had tried to convince the group to leave peacefully if the Senate leadership did not agree to leave the chamber open for their use.

Brown, sponsor of the minimum wage bill, told the group he would not support a move to discharge the labor committee from further consideration of his bill.

The state is now in the second year of its first minimum wage law. The wage floor is now at \$1.15 per hour and will automatically go to \$1.25 next year.

The bill would also eliminate the 13-week waiting period before a worker is covered, require time-and-a-half for any work over eight hours a day and 40 hours a week, and strike the exemption for harvest workers paid on a piecework basis.

Obituary

MRS. JUNE CLARK
Complete funeral services for Mrs. June Clark were held at 2 p.m. today at the Anderson Funeral Home Chapel with the Rev. D. Douglas Scelen officiating. Burial was in Gardens of Rest Cemetery.

Five Sightings Reported:

'Saucers' Invade Upper Peninsula

The flying saucers which threw lower Michigan into an uproar last week apparently have changed base of operations to the Upper Peninsula.

Residents of five areas — including two State Police officers at Newberry — have reported seeing unidentified flying objects this week.

Sightings were reported in Germfask, Hulbert, Newberry, Norway and Niagara, Wis.

Lt. Adolph Ploehn and Sgt. Herman Heuvelhorst of the Michigan State Police and R. M. Robinson, Newberry resort owner, reported seeing three objects high in the sky south of the Newberry State Police Post.

Robinson said the objects "were maneuvering in all directions at first, then shifted to the east, then returned and moved in a southerly direction. I observed them for about 15 minutes and would guess them to be up about 5,000 feet."

A Sault Ste. Marie man, Lindsay Smith, also reported three unidentified flying objects he sighted while driving south on highway M-28 near Hulbert. Smith said the objects, which were flying south then

turned east, appeared to be round in shape with brightly lighted under surface. "They made a noise just like jet aircraft warming up," he said.

U. F. O. reports have also come in from Mrs. Lustila of Germfask, Mr. and Mrs. Leroy Luedtke of Niagara and a group of 18 residents from Norway, including three police officers.

The Norway contingent spotted an object hovering over Vulcan Hill and reported it appeared to change colors as it moved slowly in a northeasterly direction. Belief was expressed, however, that it was a passing satellite.

Mr. and Mrs. Luedtke said they sighted objects while returning home from Goodman, Wis., and that they appeared to swirl and change colors from red to green to white.

Mrs. Lustila said she saw a "fiery mass" traveling "very fast" in a northwesterly direction, just north of the Seney Wildlife Refuge. She said the object glowed a reddish-orange color, then turned to a fluorescent green before disappearing.

CHARLES A. (Chuck) Johnston, and his son, Lanny inspect print material at one of the job presses in the Johnston Printing & Offset, 711 Ludington St., which Lanny Johnston takes over today with his father's retirement. (Daily Press Photo)

Chuck Johnston Retires

Succeeded By Son Lanny

Charles A. (Chuck) Johnston, the jolly printer, puts aside his composing stick and sweeps away the type lice for the last time today; he's retiring after 49 years as a printer.

Succeeding him as the owner-operator of Johnston Printing & Offset at 711 Ludington Street will be his printer son, Lanny. The business will go on as usual, said Johnston, serving an Upper Peninsula-wide market and he, after surgery, will devote himself to the outdoor sports that have been his hobbies for so many years. The Johnstons will continue to live in their apartment at the print shop and plan to spend much time at the Brookview Lodge on Big Brook, Dickinson County.

Charles Johnston was born Feb. 3, 1904 in Marinette and his family moved to Escanaba in 1906. He started working for the Escanaba Morning Press in 1917, the same day as Hal Rammel, a famed editor of the Press who wrote a column, "Abner Bangs of Misery Bay."

"Rammel came in on the early morning train and got off the street car in front of the Press building and I wouldn't let him in because I had just started to work at 7:30 that morning and I didn't know who he was," said Johnston.

"Jim Doherty was owner of the Press at that time. I worked at the Press three times for a total of about 8 years. I also worked on the Munising News and for Brown & Bigelow and for Brown Blodgett & Sperry in St. Paul.

"I bought Gus Trotter's Escanaba print shop in April of 1929 and have operated it up to this time. I joined the Typographical Union in 1924.

When Johnston started his own print job he had only two job letter presses. Now the shop has automatic letter presses, with cameras, plate makers and other modern print shop apparatus.

Mrs. Lorraine Johnston also belongs to the Typographical Union and works in the Johnston print shop with her husband and son. Their children are Craig, of Wautoma, Wis.; Mrs. Lois Bittner of Hyde; Rita Dickson of Springfield, Mo.; Sally (Sister Fidelis) of St. Mary's Hospital, Green Bay; and Lanny and Terry of Escanaba.

Lanny, the new owner, was born in Escanaba 25 years ago and is wed to Sharon Thompson. They live at 313 S. 13th St., with their children, Lanny, Jr., 4, and Locki Lynn, 2.

This is the first year Bark River-Harris has participated in forensics competition. Receiving superior ratings were Nancy Nordin for a lyric poetry reading, Bill Gouette for a dramatic dialogue and Darwin Adams for original oratory. Miss Nordin is a junior. Gouette a senior and Adams a freshman.

Miss Nordin and Gouette were selected among 13 students from four participating schools to advance to the Regional Meet. Schools competing Thursday besides Bark River-Harris were Powers-Spalding, Norway and Menominee.

Other students entered from Bark River-Harris were Kerry Langlois, declamation; Myrna Norman, narrative poetry; Jerriene Barr and Edward Palka, extemporaneous speaking; Judy Phillips, dramatic monologue, and Gerry Olson, radio commentary.

Forensics coach is Dennis Fay, English and French teacher.

Bark River Puts Two Students In Forensics Finals

Three Bark River - Harris High School students received superior ratings Thursday in a District Forensics Meet at Menominee High School and two were chosen to advance to Regional competition April 29-30 at Marquette.

Klansman Free On Bond Today

HATTIESBURG, Miss. (AP) — The highest-ranking Ku Klux Klansman in Mississippi, Sam Bowers Jr., was free on \$25,000 bond today after outfoxing the FBI for three days.

He surrendered Thursday — to a Mississippi Highway Patrol inspector.

Bowers, imperial wizard of the White Knights of the KKK in Mississippi, was the last of 14 men identified by the FBI as Klansmen wanted on federal charges related to the firebomb death Jan. 10 of Vernon Deemer, 57, a civil rights leader at Hattiesburg.

Bowers gave FBI agents the slip Monday.

Attorneys for Bowers of Laurel, said he turned himself in voluntarily.

When pressed for where he had been hiding, they said he was "not very far away" but the FBI "couldn't have found him in a month."

Seney

Mr. and Mrs. Alvin McDowell have returned from a vacation trip to Shreveport, La. and other southern states. They also visited with her parents, Mr. and Mrs. Rudy Hepper in Chicago.

Mrs. Clare Boonberg has returned to White Pine after spending a few days at her home here.

Mrs. Margie Tobin and Miss Fern Mellon visited over the weekend with relatives at Garden.

Mrs. Pearl Smith and Mrs. Doris Walstrom celebrated their birthdays with a party held at the Smith home Monday afternoon. Twelve ladies attended and a birthday lunch was served.

Mr. and Mrs. Norman Nelson were called to Waukegan, Ill. this week by the illness of their son-in-law, Kenny McDonald.

Mr. and Mrs. Dick Hicks, Mrs. Gladys McDonald and Mr. and Mrs. Charles Johnson were called here by the illness of their father, Ralph Smith.

Germfask

PTA Meets
The Germfask - Seney PTA held a business meeting Monday, March 21 at the Germfask Elementary School. Orynn Hallday showed a film on Wildlife. Persons still wishing to enter the P. T. A. Talent Contest on April 16 should contact the P. T. A. before April 8.

A Germfask Centennial meeting will be held at 2 p. m., April 3, at the Germfask School, everyone is invited to attend.

Cribbage Club
The Germfask-Seney Cribbage Club met Wednesday March 23, at St. Theresa Hall. The women won the evening score by 131 points. Lunch was served by Germfask members.

Obituary
Funeral services were held Monday March 21 for Donald William Ruthven at St. Theresa's Church at Germfask. The Rev. Fr. Terrence Donnelly officiated. Pallbearers were: Harold Gilman, Thurman Skarritt, Harold Lustila, Clifford Rose, Herbert McDougall and Charles Holbrook.

The Germfask Grange 1886 held a business meeting Saturday, March 26 at the home of Mr. and Mrs. Walter Burns. Plans were discussed for entering a Grange float in the centennial parade in July.

Lunch was served by Mr. and Mrs. Burns after the meeting. The chicken dinner sponsored by the Edward James Doran VFW Post 8962 and its ladies auxiliary held Sunday, March 27, at the Germfask School was well attended.

The first Mass Sunday, (Palm Sunday) at St. Francis Xavier Church, Spalding, will begin at 8 a. m. with the blessing of the Palms.

Wilson
Study Club
The Wilson Home Study Club met at the home of Mrs. Tim Loeffler Wednesday evening and a demonstration of cake decorating was given by Mrs. Oscar Kell and Mrs. Ray Peterson. All members were present including two new members, Mrs. Lester Srnka and Mrs. Kenneth Benson.

Lunch was served by Mrs. Srnka and Mrs. Ray Peterson. The next meeting will be at the home of Mrs. Hans Nelson, Wednesday, April 27, and the lesson will be on Parent-Teenager Relationships.

Alfred Brandt Dies Suddenly

Alfred M. Brandt, 66, of 705 S. 14th St., prominent Escanaba construction contractor, died suddenly at 3:45 p.m. Thursday at the Bellin Memorial Hospital, Green Bay, Wis., shortly after admittance. He had been stricken at noon in his office.

Born July 18, 1899 in Stonington, he had been a resident of Escanaba for the past 50 years. He was the owner of the Alfred Brandt Construction Co., 705 Stephenson Ave.

Mr. Brandt was a member of the Immanuel Lutheran Church, of the Kiwanis Club, of which he was a past director, the North Star Lodge 460, IOOF, of Escanaba and the United Commercial Travelers.

He was also a member of the Chamber of Commerce and past director of the chamber, an officer and director of Project Pride Inc., and a member and past president of the Upper Peninsula Gladiolus Society.

Mr. Brandt had taken a great interest in Project Pride, the community's voluntary group of goodfellows who give their labor and supervisory skills in the construction of public facilities without public cost. He was the representative of Project Pride when it was honored by the Veterans of Foreign Wars for its construction of the John F. Kennedy School for Retarded Children.

He is survived by his widow, the former Esther Nelson of Escanaba; one brother, Donald, Escanaba and three sisters, Mrs. Wilfred (Clara) LaFleur of Escanaba, Mrs. Joseph (Mayme) LaPlant, Ann Arbor, Mrs. Margaret Schei of National City, Calif.

The body has been removed to the Anderson Funeral Home where arrangements are incomplete at this time.

Powers-Spalding

About 18 members attended the Spalding Home Study Extension club meet at the home of Mrs. Wayne Miller on Tuesday evening. The June newsletter was discussed and all materials such as recipes, poems pertaining to June or any household hints should be turned over by May to Mrs. David Draz, who was appointed chairman of the June project.

Mrs. Lawrence King talked about the extension program at Michigan State University to be held in May. Any member can attend for a small fee and anyone interested may contact her.

Club leader, Mrs. Nelson LaBonte presented a lesson on Vegetable Cookery and distributed sheets explaining how to cook certain vegetables.

During lunch Mrs. Dennis Paquin was surprised with a birthday gift and cake. Mrs. Edsel Poquette will serve as hostess for the April 26, meeting.

Obituary
Funeral services were held Monday March 21 for Donald William Ruthven at St. Theresa's Church at Germfask. The Rev. Fr. Terrence Donnelly officiated. Pallbearers were: Harold Gilman, Thurman Skarritt, Harold Lustila, Clifford Rose, Herbert McDougall and Charles Holbrook.

The Germfask Grange 1886 held a business meeting Saturday, March 26 at the home of Mr. and Mrs. Walter Burns. Plans were discussed for entering a Grange float in the centennial parade in July.

Lunch was served by Mr. and Mrs. Burns after the meeting. The chicken dinner sponsored by the Edward James Doran VFW Post 8962 and its ladies auxiliary held Sunday, March 27, at the Germfask School was well attended.

The first Mass Sunday, (Palm Sunday) at St. Francis Xavier Church, Spalding, will begin at 8 a. m. with the blessing of the Palms.

Wilson
Study Club
The Wilson Home Study Club met at the home of Mrs. Tim Loeffler Wednesday evening and a demonstration of cake decorating was given by Mrs. Oscar Kell and Mrs. Ray Peterson. All members were present including two new members, Mrs. Lester Srnka and Mrs. Kenneth Benson.

Lunch was served by Mrs. Srnka and Mrs. Ray Peterson. The next meeting will be at the home of Mrs. Hans Nelson, Wednesday, April 27, and the lesson will be on Parent-Teenager Relationships.

William (Bill) Cook, veteran athletic director at Manistique High School, will bring the curtain down on his long career as manager of the Great Lakes Conference track and field meet this spring. Cook will retire at the close of the school year after 40 years with the Manistique school system as a coach, teacher and athletic director. The GLC meet will be staged Saturday, May 7. Cook is noted for his colorful, fast-moving track meets and has made the GLC affair one of the most popular in the Upper Peninsula. Following this year's meet, the event will be shifted each spring to the school that is providing the conference commissioner. Sault Ste. Marie will be the site in 1967.

Upper Peninsula high school football fans will be keeping their eyes on practice sessions at Michigan State this spring. Dick Berlin, one of the all-time U.P. prep greats while at Kingsford, is among the sophomore backfield candidates for the Spartan squad. Coach Duffy Daugherty's gridirers will begin grid drills Tuesday, April 5, with 80 players on hand. The workouts will continue through Saturday, May 7, when the annual Green-White game will be played.

Coach Mike Mileski's Northern Michigan University track and field team will compete in seven meets this season, opening April 23 with the Ferris State Invitational at Big Rapids. Mileski has 35 athletes on his squad, including only three lettermen in pole vaulter John Hodge, Negeunee, and weightlifter Jack Craig of Sarnia, Ontario, Canada, and Bruce Johnston of Athol, Mass.

Final statistics released this week show that Northern's Wildcat cage team finished third among all NAIA quints in the Nation in scoring with a 105.44 average. All-American Gene Summers placed 16th in the NAIA individual scoring list with a 29.7 average in 21 games. The figures do not include the Davenport game as that school is not a NAIA member.

At Michigan Tech this season the leading scorer on the basketball team was sophomore Frank Sahlman who was voted most valuable player and captain of next year's squad. The Arlington, Va., cager, standing 6 feet 2 inches, tallied 272 points for a 14.3 average.

Coach Craig Farrell of Ironwood, whose Red Devils fashioned a fine 18-3 overall record this season, will have six juniors back in action next year. Returning will be Captain Don Kolvisto, Steve Silning, Lee Belmas, Larry Fafford, Darrell Morey and Al Trudeau. Biggest loss will be All-U.P. cager Guy Kangas who set an all-time Ironwood single season scoring record of 348 points this year and also established a new all-time school career point total of 698.

Joe Soultis, former Menominee High School basketball stand-out, is a highly successful junior high school basketball coach in Trenton, a Detroit suburban area. His teams have captured city cage crowns in two of the last four seasons and have compiled an overall 32-16 record in City League competition. Soultis played basketball at Menominee in 1939, 1940 and 1941.

Stan Albeck, head basketball coach at Northern, will stage his fourth annual basketball camps for boys at Marquette this summer. The camps are broken into three one-week sessions, starting June 19. Last year's program attracted 165 boys from Michigan and Wisconsin.

Antitrust Suit Against Braves Nearing An End

MILWAUKEE, Wis. (AP) — After one month and one million words, the trial of Wisconsin's antitrust suit against baseball is nearing an end.

The verdict — with all its repercussions for the National League, the Braves, Milwaukee and Atlanta — is likely to come just in time to collide head-on with the opening of the baseball season 11 days from today.

Defense attorneys said they planned to rest their case today. Each side will have one more time at bat in the courtroom in rebuttal testimony. The state was expected to wind up in only one day.

Circuit Judge Elmer W. Roller, hearing the case without a jury, has said he wants to make a ruling by April 12, the day the Braves are scheduled to open in Atlanta.

Wisconsin has accused the

National League and its 10 members of violating antitrust laws by approving, through what the state calls a monopolistic conspiracy, the transfer of the Braves from Milwaukee to Atlanta.

Wisconsin wants the Braves back — now — or an expansion team for Milwaukee — immediately.

Baseball attorneys have argued the departure of the Braves after 13 seasons here was economically justified. And they have said expansion in 1966 is hopelessly impossible, although Roller has told the league to be prepared to add another team if he orders it.

Into the trial record so far has gone more than 1 million words of testimony, covering 6,179 typewritten pages of transcript. There have been 27 witnesses, 16 depositions, and 51 exhibits presented in the trial that began Feb. 28.

The most dramatic testimony may have come Thursday, but none of it was public.

The day's proceedings were concentrated in Roller's chambers, where testimony dealt with the confidential financial records of the National League clubs.

Roller, sealing his doors, honored his pretrial pledge that the profit-and-loss records would be kept from public scrutiny.

After rebuttal testimony, closing arguments are planned. They probably will be made in the form of written legal briefs.

The verdict, when it comes, is considered almost certain to be challenged by the losing side in a series of appeals which may reach the U.S. Supreme Court.

Ray Nitschke

Nitschke Shows Serious Nature At HN Banquet

A sober, serious Ray Nitschke, far cry from the swashbuckling, devil-may-care image he owns as one of professional football's greatest middle linebackers, gave Holy Name athletes a penetrating look at sports and life Thursday night as main speaker at the annual Booster Club banquet.

The Green Bay Packer all-pro, a veteran of eight years in National Football League warfare, is known to thousands of fans for his reckless abandon on the gridiron. His trademark is a fierce attitude and a destructive style of play with the Packer defensive team.

Last night, however, he traced his own lonely, self-centered years as a youngster when he groped for maturity and acceptance in the world of athletics.

"I lost lots of friends trying to be a star and carried a grudge against society after losing my parents at an early age," he told his quiet-as-a-pin audience. "It took me a long time to learn that you are only as good as the people around you." The 6 foot 3 inch, 240 pound former University of Illinois fullback pointed out.

Nitschke traced his growth as an athlete and a member of society and cautioned Holy Name's young athletes of the many obstacles in that path.

His message delivered, Nitschke entertained for 45 minutes in a sharp question and answer period, giving his personal opinions on players, teams, coaches, AFL and NFL rivalry, rookie bonuses and related subjects.

Basketball awards were presented by Coach John Butrymowicz to Steve Fisher, Dennis Weber, Francis Veldman, Greg Brandt, Augie Janke, Jerry Wiles, Bob Dufresne, Dave

Mays Gets Off To Torrid Start Again This Year

By The Associated Press

Two weeks ago Manager Herman Franks of the San Francisco Giants ordered Willie Mays to stay away from the ball park.

"I've just gotta slow him down," Franks said. "He's coming along too fast."

Mays took another day off today, his third since the exhibition schedule started March 12. In between those days of rest, though, the 34-year-old whiz has slowed down about as much as he does during the regular season.

In the Giants' 7-4 victory over California Thursday, Mays increased his spring average to .382 by lashing two doubles and a single and drove in two runs for a total of 13.

Mays has accumulated most of his 21 hits and 13 RBI while playing only five and six and sometimes seven innings in a game. His nine-inning performance against the Angels marked his first complete game of the spring.

"He just gets better and better," California Manager Bill Rigney said.

In another exhibition of power Thursday, Tony Conigliaro hit his seventh homer of the spring and drove in four runs as Boston walloped Washington 10-0. Jim Gentile's three-run homer capped a seven-run sixth inning that powered Houston past Philadelphia 12-9.

Cincinnati edged Baltimore 3-2 on Art Shamsky's two-run homer in the ninth, and Mike Shannon and Lou Brock homered as St. Louis beat the Chicago White Sox 7-5.

Successive doubles by pinch hitter Sandy Valdesano and Jimmie Hall in the 10th inning opened the way for a three-run rally that gave Minnesota a 6-3 victory over the New York Yankees.

Detroit scored two runs in the ninth on Mickey Stanley's single and Jim Pagliaroni's passed ball for an 8-7 decision over Pittsburgh.

The New York Mets erupted for four runs in the seventh and handed Kansas City its sixth straight defeat 7-3. Ed Kranepool triggered the rally with a triple and scored as Ron Hunt flied out.

Gary Bell pitched seven strong innings as Cleveland ended a six-game losing streak by downing the Chicago Cubs 4-1.

Esky Banquet Starts At 6 On Saturday

The Eskymo Fan Club all-sports banquet for Escanaba High School athletes Saturday has been moved up to 6 p.m. to avoid conflict with other school activities.

Tickets are available at Ernie's Party Store and Gust Asp's and at the school office for students.

Speakers will be F. L. (Frosty) Ferzaca, Rolli Dotsch and Mike Mileski of Northern Michigan University.

Celtics Battle To Keep Crown

BOSTON (AP) — The Boston Celtics, battling for their pride in quest of an eighth straight National Basketball Association championship, meet the upstart Cincinnati Royals tonight in a decisive showdown of the Eastern Division semifinal playoffs.

There's no tomorrow except for the winner and neither the Celtics nor the Royals were in any mood for April Fool jokes in heading into an all-or-nothing clash at the Boston Garden.

Despite a hex in which neither team has won in two tries each at home, the Celtics rule a slight favorite to capture the best-of-five series and qualify for a crack at the Philadelphia 76ers in the Eastern Division finals starting Sunday.

Dotsch Will Speak At Coaches Clinic Here This Weekend

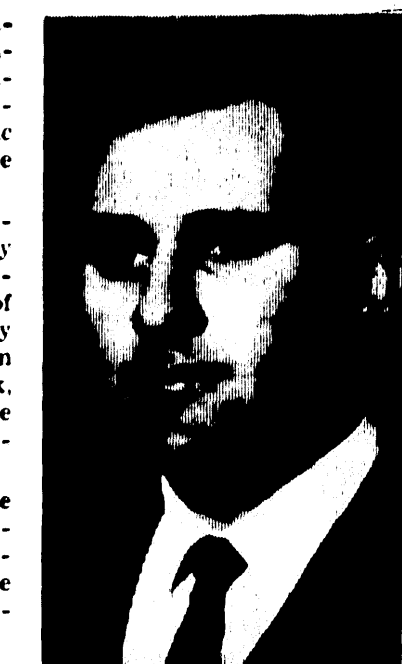

Rolli Dotsch, new head football coach at Northern Michigan University, will be a featured speaker at the third annual Escanaba Coaches Clinic which opens this evening at the Terrace.

Dotsch is one of five speakers on tap for the two-day clinic. Rounding out the speaking panel are Mike Mileski of Northern, Bill Kelly and Roy Kramer of Central Michigan University and Jim Cook, training specialist with the Cramer Chemical Co., of Gardner, Kansas.

A graduate of Michigan State University, Dotsch was an interior lineman on the 1952-53-54 Spartan teams, played in the Rose Bowl game and Blue-Gray game in 1954.

Dotsch was born in Escanaba in 1933, raised in Garden and graduated from Lansing Resurrection High School.

He coached in high schools at Boyne City and Escanaba before joining the staff at Northern in 1958. He became defensive backfield coach under Sonny Grandelius at the University of Colorado in 1961 and joined the University of Missouri staff under Dan De-

Rolli Dotsch

vine in 1962. At Northern, Dotsch succeeds F. F. (Frosty) Ferzaca who resigned this year to devote full time to his duties as athletic director.

The clinic will open with registration at 6 this evening. Kelly will be the speaker at 7:30 and Kramer at 8:30, followed by a hospitality hour for coaches and other guests.

Saturday's registration will be at 8:30 a. m. with Cook scheduled for 9:30 and Mileski at 10:45. Dotsch will speak at 1:45 p. m. and the clinic will adjourn at 3:15.

Co-directors of the clinic are Jerry Cveugros and Bob Dufour with Jerry Anzalone, Bud Kircher and Frank Miketina assisting.

Arizona Dumps Michigan Nine

TUCSON, Ariz. (AP) — Arizona pulled away with six runs in the third inning Thursday and romped to a 13-4 baseball victory over Michigan.

Eddie Leon was the big gun for the Wildcats with five hits in five trips to the plate, including a bases-loaded triple in the fourth.

The victory boosted Arizona's season record to 17-6. Michigan is 7-3.

BRUCE WARREN of Trout Creek, Upper Peninsula basketball coach of the year, is presented with the Gladstone Lions Club trophy at the annual banquet Thursday night. Making the presentation is Walter Peters of Rapid River, member of the U.P. Athletic Committee. (Daily Press Photo)

Coach, Cager In Spotlight

GLADSTONE — It was Coach Bruce Warren and Bob Gale night Thursday at the James T. Jones School as the Gladstone Lions Club honored the Upper Peninsula basketball coach of the year at the 29th annual basketball banquet.

The Gladstone Lions and speaker Verdie Cox, head basketball coach at Michigan Tech University, heaped praise on Warren.

Warren, in turn, was overwhelming in his tribute to Gale.

Cox said there are six things a basketball coach tries to do besides win basketball games—present high ideals of sportsmanship; administer qualities of cooperation with schools, parents and referees; administer courage in players; administer unselfishness and self control; build ideals for clean living and teach respect for wise discipline and authority.

He said Warren had accomplished all of these in his years at Trout Creek and won basketball games by doing it.

Cox also paid tribute to Gale, a boy who he said he's been watching for the past five years.

"If John Benington, Michigan State Basketball Coach, is willing to walk from East Lansing to Trout Creek to get him," Cox said, "I'll swim from Houghton to L'Anse for Gerry Gerard and then walk barefoot to Trout Creek for Gale."

Warren said his selection as Coach of the Year and the choice of Trout Creek as team of the year was "one of the highlights of my career as a coach."

A member of a State Class A championship team when at high school at Kalamazoo Central and a Big Ten football player at Purdue, Warren said "this team provided the crowning touch when I took them into the field house at East Lansing."

Spar's defeated Bay de Noe and Lombardi's toppled Colonial. They will clash for the championship Monday night at Eddy's. The losers will play for the consolation Tuesday night at Metropolitan.

"I've never had a bunch of kids of which I could be prouder," he said.

Coach Bill Wood of the Gladstone Braves said that despite his team's 6-12 record, he felt it was a successful season.

"With a few breaks at the right times we could have just as well been 10-9 or 11-8," he said.

"We beat Escanaba Holy Name three times," he said.

"We had a chance to beat three Class A teams and did two thirds of it — beating Marquette and the Soo. The boys are a credit to the school, their parents and community."

Members of the Gladstone team, who were introduced, were Lynn LaPlant, Keith Apelgren, Mark Goodman, Russell Sargent, Richard Anderson, Jim Sargent, Steve Nolan, John Watson, Steve Nelson, Tom Stade and Mike Damitz, and managers Chuck Richards and Larry Sebeck.

Coach Carl Backstrom also introduced members of the Junior Varsity team. Coach of the Year Trophy was presented by Walter Peters of Rapid River, member of the U. P. Athletic Committee, and Rev. Loren Anderson gave the invocation and closing prayer.

Spar's To Face Lombardi's For Dartball Crown

Spar's and Lombardi's gathered for the finals of the Escanaba Tavern Dartball League tournament Thursday night with semifinal victories.

Spar's defeated Bay de Noe and Lombardi's toppled Colonial. They will clash for the championship Monday night at Eddy's. The losers will play for the consolation Tuesday night at Metropolitan.

Sick Man Sets Tourney Pace

GREENSBORO, N.C. (AP) — Doug Sanders was done all right for a sick man today as he took a one-stroke lead into the second round of the \$100,000 Greater Greensboro Open Golf Tournament.

Sanders, 32, seeking his third tournament victory of the year, shot a six-under-par 65 Thursday despite a cough and chest cold.

Several gulps of cough syrup helped him card nine birdies, a bogey and a double bogey over the 7,029-yard Sedgefield Country Club course.

"It looks like I'll do all right as long as I stay sick," Sanders joked.

One stroke back at 66 was Al Geilberger, who got off to what he termed a "sloppy" start. He missed a 15-foot putt on the 18th hole that would have tied him for the lead.

Sam Snead, defending champion and eight-time GGO winner, was tied with Howie Johnson for third with 67. Deadlocked at 68 were Bobby Nichols, Don January, Bob Goulby, R. H. Sikes, Terry Wilcox, Steve Reid and Tom Weiskopf.

Grouped at 69 were Frank Beard, Davy Hill, Roy Pace, Dave Ragan, Ken Towns and Harold Williams.

In all, 25 players bettered par of 71, despite bothersome winds and hard greens.

Arnold Palmer, who fired a sizzling 63 in a pro-am warm-up on Wednesday, finished the first round with an even par 71.

United Choirs In Cantata Sunday

The united choirs of Gladstone will present "The Seven Last Words of Christ," an Easter cantata by Theodore Dubois on Palm Sunday, 8:00 p.m. at the Memorial Methodist Church, 12th and Wisconsin Streets in Gladstone, Michigan.

The choir, directed by Mrs. Ellis Movallson Jr. and accompanied by Mrs. Wallace Cameron, organist and Mrs. Clifford Goodman, pianist, will feature as soloists: Mrs. Loren Anderson, soprano, Paul Cowen, baritone, and Robert Schraeder, tenor soloist from Escanaba.

The 56 voice choir is composed of members from the Evangelical Covenant, First Lutheran and Memorial Methodist Churches of Gladstone. Rev. Loren E. Anderson will read the narration, Rev. Reuben Carlson of First Lutheran Church will give the invocation and the benediction, and Rev. Clifford DeVore of the Memorial Methodist Church will receive the offering. The prelude and the postlude will be played by Mrs. Michael Creten. The free will offering, to be received, will be used to cover the expenses of the concert.

VESSELS OF THE U.S. H-bomb recovery project are anchored above the bomb awaiting preparation of a CURV (Controlled Unmanned Recovery Vehicle). The bomb, lost from a crashing B52 bomber in January, has been located five miles off Palomares Beach, Spain, 2,500 feet below the surface of the Mediterranean. Midget submarines, like the Alvin shown here, are unable to attach a cable to the bomb since it slipped to a steep slope. The CURV, directed from the surface through use of underwater television, can reach the weapon, a source at the scene said. (AP Wirephoto Drawing)

Commission Will Use Legal Action For Clean Water

DETROIT (AP) — The Michigan Water Resources Commission decided Wednesday to proceed with legal action to enforce the state's timetables for cleaning water pollution on Lake Erie and waterways surrounding Detroit.

At a hearing in Detroit, the commission rejected almost without exception the excuses of communities and industries accused of contributing to the pollution.

At least six industrial firms, along with Detroit, Wayne County and Berlin Township in Monroe County, refused to join voluntarily in the state's pollution control program.

Several other manufacturers hedged on agreeing to meet the state's tough new standards on the dumping of waste materials.

A Great Lakes Steel Corp. official pleaded there was "no practical means" to achieve the water quality goals of the commission "with the present equipment available."

Detroit asked that the deadline for compliance be pushed from 1970 to 1977, citing limited financial resources as the reason.

Wayne County maintained it cannot take any action until after its board of supervisors reorganizes in April.

Officials of the Scott Paper Co. said they prefer to wait to

see what Detroit does and then, if possible, run its objectionable material through the Detroit sewage plant.

They included the communities of Monroe, Riverview, Grosse Ile, Luna Pier, Estril Beach and the townships of Monroe and Frenchtown in Monroe County.

Industries agreeing voluntarily included Pennsalt Chemical Corp., Firestone Tire and Rubber Co., Trenton resins plant of Monsanto Chemical Corp., Mobil Oil Co., E. I. duPont industrial and biochemical divisions and Time Container Corp. of Monroe.

Asking modifications of conditions of agreement were Trenton and such industries as Great Lakes Steel, Ford Motor Co., McLouth Steel Corp., Monsanto Chemical Corp.'s inorganic chemical division, Semet Solvay division of Allied Chemical Corp. and Union Bag - Camp Corp. of Monroe.

Declining to enter agreement with the commission were Detroit, Wayne County and Berlin Township and Peerless division of the American Cement Corp., Darling and Co., Wyandotte Chemical Corp., Revere Copper and Brass, Inc., Solvay Process division of Allied Chemical Corp., Scott Paper Co. and Consolidated Packaging Corp. of Monroe.

With Sophia Loren Yet

Chaplin Makes A Movie

By DICK KLEINER

It was more of a party than a movie set. Charlie Chaplin sat down at the piano and played and the orchestra joined in. The extras, in tuxedos and evening gowns danced and laughed and applauded.

The set lent itself to the affair. They were shooting Chaplin's film — he wrote it and is directing it — called "A Countess from Hong Kong." Most of the action takes place on a luxurious ocean liner. One huge stage at Pinewood Studio had been turned into the ship's grand ballroom.

The scene had Marlon Brando dancing with a young society girl. Chaplin is writing the music for this film — he's a Charlie of all trades — and it was piped over the studio loudspeakers.

Everybody was watching. Mrs. Chaplin — Oona — was there, but that wasn't unusual. She is there every day, all day, sitting unobtrusively and keeping a wifely eye on the 76-year-old motion picture great.

Sophia Loren, Brando's co-star, was watching, too, even though she isn't in the scene. So was Chaplin's son, Sydney, and the studio editors and technicians and anybody who could wangle their way onto the set.

The reason is simple: Chaplin puts on a show when he directs and nobody knows if he'll ever direct again, so they all want to watch.

CHAPLIN TODAY is a short, white-haired man, inclined to squint in the bright lights. He had just gotten over a flu attack and, perhaps because of that, he wore two sweaters and a jacket.

He smiles a lot and sings to himself. And, when he is going into a scene, he acts out all the parts. He showed young Angela Scoular, playing the society girl, how he wanted her to wiggle her shoulders. He showed Brando how he wanted him to stand and look. He danced around the floor, gracefully and yet comically, and the 230 extras and dozens of others laughed and applauded.

He bowed deeply and then smiled. He acted a small bit in the film — playing a seasick steward — and there were tears in a few eyes when he finished. It could very well be Charlie Chaplin's last part.

"A COUNTESS FROM HONG KONG" is the first film he has done in 10 years. He hopes there will be more. "I'm back in the rhythm now," Chaplin said, "and I think I'd like to do another."

He says he's having a wonderful time with this film — "I approach each day like a race horse." is the way he puts it. "I go home at night, have an old-fashioned gin-and-tonic, watch some TV and fall

STANDOUT STAND-IN—Charlie Chaplin, who doubles in brass many times over in directing "The Countess from Hong Kong" filming in London, trips a light fantastic with Sophia Loren while standing in for her co-star, Marlon Brando, during a scene rehearsal.

asleep. But the next morning I'm ready to go again."

The impetus for bringing him out of his retirement, he says, was his son, Sydney.

"He's an actor, you know," Charlie said. "And I wanted to show him in a picture with a couple of big stars, like Loren and Brando."

AND SO HE WROTE THE script. It is, he says, a light romantic comedy — "the kind of thing that will never go out of style, like making love." He's had the idea for the story for many years.

It has become something of a sides Charlie and Sydney — and Oona's — calming presence — Geraldine dropped in to watch

her father at work. And she was promptly pressed into service, in a brief bit as one of Brando's dancing partners.

The loudspeaker poured out the music. The extras waited at the tables which ringed the dance floor. Chaplin walked out into the center by himself, a little old man all alone. And then something took hold of him, and he began to dance, swiftly, skillfully, twirling around the floor.

Everyone watched. And then the mood was over, he smiled and bowed low and walked back to where his family waited.

Salmon Ceremony

TRAVERSE CITY (AP) — State Rep. Arnell Engstrom, R-Traverse City, is to place a bucketful of fingerling Coho salmon in the Platte River, near Honor in Benzie County Saturday. The ceremony makes official actual planting of 250,000 Coho salmon two weeks ago.

Milk Up A Penny

HOLLAND (AP)—Milk is going up a penny a quart today in the Holland-Zeeland area. A dealers association said the increase results from the Michigan Milk Producers Association's boost in the hundred-weight price.

Utility Sends 10 Local Youths To Workshop

Ten area boys were awarded scholarships to the three day Trees For Tomorrow Conservation Workshop at Eagle River, Wis., by the Upper Peninsula Power Co.

Ralph Krause, Gerald Desrampe, Richard Larsen, William Shiner, William Porath, and Eugene Gonsowski of Escanaba Area High School, Tom Novak and Tom Safford of Rapid River High School, and Eric Ahlin and Herbert Peterson of Bark River-Harris High School were selected by their schools on basis of academic standing and eagerness to learn.

Instructors Dale McNamee of Escanaba, Marc Hebert of Rapid River and Tom DeBakker of Bark River-Harris will accompany the students.

A total of 50 scholarships have been provided by the Pow-

er Company to U. P. students and instructors to attend this workshop where the concepts of soil, water, forestry, and wildlife will be presented to the group. Conservation personnel will conduct field tours and lecture to the group during their three day stay.

Gets Top Hat

ST. THOMAS, Ont. (AP) — Capt. Lou Messenger of the American freighter Peter Rice received the traditional top hat awarded to the captain of the first ship to open the navigation season at lake ports. The Peter Rice arrived at Port Stanley Wednesday night. The ship, from Toledo, Ohio, was carrying 7,800 tons of coal.

HIGH SAND DUNES

Crests of sand dunes stand 800 feet over the floor of Southern Colorado's San Luis Valley. The dunes here are the highest in the interior of the United States.
